

MAY TRANSFER SUFFRAGE FIGHT TO WASHINGTON

Tennessee Governor Certifies Ratification to Colby

ANTIS CLAIM HIGH HANCED TACTICS

NASHVILLE, Tenn., Aug. 24.—Certification of Tennessee's ratification of suffrage was en route tonight to Washington. On its receipt by Secretary Colby tomorrow or Thursday suffrage advocates expect issuance of the formal proclamation making the amendment a part of the organic law of the land and giving 22,000,000 women the same right to vote as men.

Governor Roberts mailed the certification today after receiving from the state attorney general an opinion that a writ of certiorari and supersedeas, issued last night by Chief Justice Lansden of the Tennessee supreme court in effect set aside an order temporarily restraining the governor from acting. The injunction was obtained last Saturday by citizens opposed to suffrage on the plea that action by the legislature was in violation of the state constitution and otherwise illegal.

Butt Scene May Shift

Issuance of the writ and the governor's certification may transfer to Washington the battle over legality of ratification, anti-suffrage leaders declaring the American Constitutional league was prepared to apply to the District of Columbia supreme court for an order restraining Secretary Colby from issuing the proclamation. So far as court action in Tennessee is concerned the only thing is prospect for suffrage opponents to request the supreme court to rescind the action of Justice Lansden. The court meets in Knoxville September 20.

Today's developments came as a bombshell to anti-suffrage forces and an agreeable surprise to the suffragists. There had been no intimation such a course was planned.

Antis Claim High Handed Tactics

The petition for the writ was filed with the clerk of the supreme court at 9:45 today and in 25 minutes the certificate of ratification was in the mails. Anti-suffragists generally were amazed at the coup and in a statement attacked what they termed the "high handed tactics" and unprecedented methods involved in the case.

This action was taken and the injunction in effect dissolved with out notice to the complainants, the statement said, also the rule of law generally and as stated by competent authority and the rule of professional ethics and courtesy require that notice be given ordering counsel of the intention to apply to an appellate judge for the writ of supersedeas.

Governor Roberts would make no statement but suffrage leaders regarded the battle ended so far as the legislature and state are concerned.

There was no information available tonight as to when the more than 30 house members opposing suffrage who went to Decatur, Alabama, to break a quorum would return.

Secretary Colby Prepared to Make Statement

Washington, Aug. 24.—Issuance of a proclamation by the state department announcing ratification of suffrage by three-fourths of the states is expected by suffrage leaders within 24 hours. Their prediction was based on Secretary Colby's announcement that he was prepared to issue the proclamation as soon as he received the official notification from Governor Roberts of Tennessee, which despatches said was mailed today.

HARVEST WAGES LESS IN KANSAS

TOPEKA, Kans., Aug. 24.—Kansas paid less in wages for harvesting its bumper crop this year than it did a year ago and farmers generally had an abundant supply of labor, according to T. D. Hammatt, secretary of the Kansas State Board of Agriculture. Wages paid harvest hands ranged from sixty to seventy cents an hour, slightly lower than that paid a year ago, but higher than in years previous to 1919, he said.

The supply of labor was fully equal to the demand this year, he added. Last year Kansas farmers paid harvest labor well over sixty cents an hour and in some cases were forced to pay as high as \$1 an hour, according to Mr. Hammatt.

SUGAR CASE GOES TO SUPREME COURT

Washington, Aug. 24.—Another case involving the validity of the Lever food control act reached the supreme court today with the filing of appeals by Sehon Stevenson & Co. of Huntington, W. Va., from federal court decrees finding that the company guilty of profiteering on sugar. The company was fined \$35,000.

INCREASED RATES ARE GRANTED TO WATER CARRIERS

Range from Twenty to Forty Per Cent on Freight

PASSENGER RATES ALSO GIVEN BOOST

WASHINGTON, Aug. 24.—The shipping board tonight authorized water carriers to increase freight rates from twenty per cent to forty per cent, passenger charges from twenty per cent to 33 1-3 per cent.

The board authorized the increases to be made effective not later than January 1st, on one day's notice.

Increases were authorized between ports on the Great Lakes of forty per cent on freight and twenty per cent on the passenger. Local or joint thru rates between ports in one coastal section and ports in any other coastal section may be increased 33 1-3 per cent the board decided.

The increases authorized on freight traffic the board stated, may be applicable to weighing, storage, floating, transfer, diversion, lightering, switching, reclassification and transit service; and the passenger increases may be applied also to excess baggage.

The board's decision which affects operating on the Atlantic coast, Great Lakes and Gulf of Mexico followed a hearing last week on the application of the water carriers to put into effect rates corresponding to the joint rail and water advances recently authorized by the interstate commerce commission.

In announcing its decision the board stated that:

"After careful consideration of the applications and supporting statements, the advances proposed to be made have been seen to be just, reasonable and necessary."

ENGLAND WANTS TO KNOW ABOUT POLAND

Asks Soviet Representative if Russia Intends to Adhere to Terms Imposed on Poland.

LONDON, Aug. 24.—M. Kamenoff, head of the Russian mission in London, is preparing to leave England says the Daily Herald.

This action is attributed to the decision of the British and Italian premiers a Lucerne and Mr. Balfour's letter to M. Kamenoff, which said in part:

Mr. Balfour desires to emphasize the point that the terms which, according to recent information, the government of soviet Russia, desires to impose on Poland are in fundamental contradiction to those which M. Kamenoff communicated to his majesty's government.

Acting on his behalf, Mr. Balfour desires to ask whether it is a fact whether the terms now asked of Poland are of the character which the information supplied to Italy and Great Britain leads Signor Giolitti and Mr. Lloyd George to believe and, if so, if the government of soviet Russia proposes to adhere to them.

"On the answer to these questions the future policy of the British government will depend and I am to request that an answer to these questions may be received by Friday evening."

CANDY DOES NOT TAKE PLACE OF LIQUOR

WASHINGTON, Aug. 24.—Candy has not taken the place of alcohol, according to Walter C. Hughes, secretary of the National Confectioners' association.

In a letter to the state department, Mr. Hughes today placed the confectionery industry as fifth among those benefitted by prohibition. Savings banks, the soft drink industry, ice cream makers and moving picture theaters in proportionate profits out of the dry edict than the candy trade, he said.

BOY TIED TO A COW IN CRITICAL CONDITION

Freeport, Ill., Aug. 24.—Richard Snyder, aged 9 of Savanna, Ill., is in critical condition as a result of being bound and tied to a cow by two playmates. The Snyder boy was dragged for half a mile before the cow was stopped.

The boy said two other boys tied his hands and then fastened a rope about his waist and the cow's neck.

PROHIBITION OFFICERS SEIZE TWO CARS OF WHISKEY

Chicago, Aug. 24.—Twelve men were arrested and whiskey valued at \$500,000 seized by prohibition agents under Major A. V. Dalrymple today.

The men were preparing to unload two car loads of whiskey when the government agents, who had been in hiding in the railroad yards and surrounded them.

INVESTIGATE SINKING OF LAKE STEAMER

Duluth, Minn., Aug. 24.—A preliminary inquiry into the sinking of the Steamer Superior City, in a collision with the steamer Willis L. King, in Lake Superior last week, was held today. Twenty-eight lives were lost as a result of the accident.

Officials refused to give out any information regarding the inquiry.

EVERY CITIZEN SHOULD PLAY HIS PART IN POLITICS

Harding Says People Tired of "One Lead Activities"

PLAYERS DO STUNTS AND MAKE SPEECHES

MARION, O., Aug. 24.—Theatrical folk brought a touch of Broadway to Senator Harding's front porch today and in a day filled with jazz pledged their support to him. About twenty actors and actresses were in the delegation. In a short speech the senator expressed his appreciation and suggested that in the drama of American politics the country wanted a change of bill to do away with "one lead activities" and to let every citizen play his fair part.

Charles E. Hughes, Republican presidential nominee in 1916, was another guest today and he made a brief talk to the actors, predicting Senator Harding's election. In a conference this morning with the nominee, and Colonel George Harvey of New York, Mr. Hughes talked over many aspects of the campaign.

Bring Jazz Orchestra

The delegation came under the auspices of the Harding and Coolidge Theatrical League. They brought their own jazz orchestra and a band of 100 pieces, besides and began their day with a parade thru the city's downtown section. Shortly before noon they arrived at the Harding home and were cheered along to the front porch by the biggest crowd that has gathered since notification day.

Al Johnson, president of the league was "permanent chairman." He sang a campaign song, introduced nine or ten others who put on character stunts and then, turning to the nominee, said:

"Mr. President-to-be, what have you to say for yourself?"

Influence of the Theater

Senator Harding's reply was devoted to a discussion of the influence of the theater. He pleaded for a high standard for the theater.

Mr. Hughes said the American people did not want for a president a "trickster or a shrewd politician," nor one who would be isolated from the currents of popular thought, "but a man of courage, possessed of sound common sense, and who has an appreciation of American institutions."

"There is no hope for the world," he said, "unless America can protect and maintain her own institutions."

The jazz orchestra was the center of the performance and there were stunts or speeches by Henry Dixey, Blanche Ring, Leo Carollo, Zena Keefe, Eugene O'Brien, Helen Moyer and others.

EXPECT TO REACH WAGE AGREEMENT

Miners and Operators Represented Argue on Penalties— Utility Commission Defers Investigation.

Chicago, Aug. 24.—Agreement on the wage scale for day men in the Illinois coal mines is expected tomorrow, following the meeting today of the joint scale committee of sixteen representatives of the operators and miners with eight on each side.

The committee argued for hours today over collecting the penalty from the miners. The penalty, exacted from all miners who strike without authorization, is the one point on which the operators were reported to remain firm.

They were said to have declared the collection of the penalty was the one issue they would fight to enforce, although they were willing to compromise other points.

The state public utilities commission postponed further investigation of the coal situation until September 13. The commission, after experimenting with a \$10 penalty in addition to the regular demurrage rate on coal cars held more than 48 hours, is reported to have decided the penalty was more harmful than good and rescinded its order.

BRITISH MINERS TAKE STRIKE VOTE

LONDON, Aug. 24.—Members of the British miners' federation began today to ballot on the project of calling a strike to enforce their organization demand for an advance in wages and a reduction of the price of coal. The voting will continue all week. It is forecast by London newspapers, however, that the miners will vote overwhelmingly in favor of striking unless their demands are granted.

The government has so far refused to consider the miners' demand.

COX PROMISES TO PROVE ASSERTIONS ABOUT SLUSH FUND

Will Give Facts in Address At Pittsburgh on Thursday

SAYS WILL APPEAR BEFORE COMMITTEE

DAYTON, O., Aug. 24.—A promise to prove in his address at Pittsburgh Thursday, his charges that the Republicans were gathering a \$15,000,000 campaign fund was made by Governor Cox prior to his departure tonight on another speaking tour. He will speak tomorrow at Princeton and Evansville, Ind.

Gov. Cox also sent a telegram to Senator Kenyon, Republican, chairman of the senate campaign committee, assuring him of assistance in bringing out the facts.

"In addition to my statement in Pittsburgh," the telegram said, "I will send to your committee such leads for information as I possess. It will be my purpose to assist you in every way."

The governor told friends he stands ready to appear before the committee if it should desire personal testimony. "I don't need a subpoena," he said. "If they want me I'll go."

Confidence in proving his charges was indicated by the governor. His friends here declared he had voluminous documentary matter.

WARRANTS ISSUED FOR STRIKE LEADERS

CHICAGO, Aug. 24.—Indictments returned against 41 leaders in the railroad strike last April were ordered served today.

Federal Judge Alschuler refused to receive the indictments when they were voted by the grand jury and demanded that the jury first investigate a "leak" by which names of those indicted reached local papers before the report was presented in court.

Those indicted include John Granau, president of the Chicago Yardmen's Association, Harold Reading, president of the United Engineers' Association, the two new unions which called the strike; W. L. Bond, treasurer of the C. Y. A., and all their principal associates. Thirteen indicted also charged with conspiracy to violate the Lever act thru interference with the interstate shipment of coal, food and other necessities.

Warrants for their arrest were issued today and deputy marshals were instructed to arrest the men.

BERLIN, Aug. 24.—The government board of the railway workers' union at Danzig has voted to halt all war supplies arriving at that port destined for Poland. It will permit the transit only of food and sanitary supplies. The governing board has appointed local surveillance boards, who also will include the stations of Zoppot, Hohenstein, and Neufahrwasser.

CHICAGO, Aug. 24.—Charges that \$87,500 appropriated by the British parliament for entertainment purposes at the British embassy in Washington, made its way into the Democratic national committee, were made today by Congressman F. A. Britten, of Illinois, in a signed statement. Proof of this assertion will be brought before the senate campaign investigating committee Monday, he said.

DIPLOMATIC CONVERSATIONS ARE INITIATED

Wants to Talk About German Ships Allocated to U. S.

PRESIDENT SHOULD SHINE IN THAT GAME

WASHINGTON, Aug. 24.—Great Britain has initiated diplomatic conversations with the American government as to the liability of the United States for expenditures necessitated by the detention in American ports of the seven former German liners allocated to this country to bring home American troops. The ships were held up by the shipping board after their surrender by the war department but were finally delivered to England.

While the ships were detained, British crews sent to America to take them over were idle in New York. A question of demurrage charges also is understood to be involved. No specific claim for reimbursement has been presented, the negotiations having been started to reach an amicable agreement as to where responsibility for the delay rests.

The ultimate ownership of the vessels, which include the Imperator now operated by the Cunard Line, also is understood to have been part of the discussion.

Great Britain claims title to the ships under the decision of the allied shipping commission, the rulings of which were never accepted by Washington. The shipping board has claimed that the allocation of the ships to the United States was permanent.

PLANS FOR RAT PROOF BUILDINGS

WASHINGTON, Aug. 24.—Standard plans for rat proofing business buildings, dwellings and wharves are being drawn up by the public health service as part of its campaign to stamp bubonic plague out of the country. The plans are to be furnished to states and cities for incorporation in building codes.

HEARING IN PONZI CASE DEVELOPES INTO STORMY ONE

Defendant Attorney and Receivers Use Harsh Language

NO INTERNATIONAL POSTAL COUPONS

BOSTON, Aug. 24.—A payment of less than 50 cents on the dollar to the creditors of Charles Ponzi's get-rich-quick scheme, if official estimates of his liabilities are correct, was indicated by the statement of assets at the receivers' hearing today.

Assuring federal receivers he had disclosed all he knew, Ponzi told of assets which R. G. Dodge, counsel for the receivers, declared were "not worth near \$3,000,000."

The official estimate of his liabilities, after an audit of his accounts stands at \$7,000,000. Ponzi said he thought this was wrong. He claimed he had nearly four millions of assets to meet his liabilities which were set at three millions.

Attorney Surrenders Checks

The hearing was stormy. D. H. Coakley, counsel for Ponzi, surrendered to the receivers checks for \$25,000 each, which had been given him and D. V. McLaughlin, associate counsel, as retaining fees.

He said when he took the money he thought Ponzi was a millionaire, but that now he wanted everything to go to the creditors.

E. A. Thurston, a receiver, remarked: "If you thought this man had a million dollars, do you suppose anybody thinks you would have got only \$25,000?"

"You are a liar when you suggest anything like that," exclaimed Mr. Coakley.

The lie was passed three times, without retort by the receiver.

Showing Ponzi stubs for six checks of \$200,000 each, Mr. Dodge asked him who obtained the money and for what purpose. Ponzi replied he had withdrawn the money to prevent attachments and had deposited it later in other banks.

Ponzi smiled when he answered "no" to a question whether he had any stock of International Postal Coupons, which he had told investors formed the basis of his road to riches. He refused to say whether he had received any income from European sources or had any income except that from investors.

Miss Lucy Mell, 18, Ponzi's office manager, said she knew of no source of income for Ponzi except what he received from investors. Asked if he had seen in the office any international reply coupons, she said there had been "one or two there, used as samples."

She had transferred money abroad only once or twice, she testified. The hearings were postponed indefinitely to allow Ponzi to go over his papers for further information of his assets.

REPORTS INDICATE REPUBLICAN SUCCESS

Leaders Make Optimistic Reports to Chairman Hays—Later Cautious Against Over-Confidence.

NEW YORK, Aug. 24.—Optimistic reports regarding Republican leaders of twelve eastern states in conference with Will H. Hays, chairman of the Republican national committee, today were most gratifying and "confirm entirely our opinion and belief as to political conditions."

"Without exception," he added, "the leaders reported, virile organizations with splendid enthusiastic personnel. This condition is not only among the party workers, but is also manifested in the entire electorate, regardless of past party affiliations."

"These men and women are determined to end the maladministration at Washington. Eight years this has been going on and we have had enough. Let us clean house."

Notwithstanding optimistic reports, Chairman Hays cautioned his assistants not to allow overconfidence to lead them into the error of neglecting the smallest details of their campaigns.

The conferences will continue tomorrow.

INDIANA MINERS RECEIVE INCREASE IN NEW WAGE SCALE

New Schedule Becomes Operative August the 16th

ALL MINES TO BE WORKING SOON

TERRE HAUTE, Ind., Aug. 24.—A supplemental contract by which the day and monthly men employed at Indiana mines receive a substantial increase was signed today by the joint wage scale committee of the Indiana Coal Operators and Miners, the new schedule to be in effect from August 16.

Telegrams advising of the finding and ordering the men to return to work were sent to all officials and members of all local unions of district No. 11, United Mine Workers of America.

The telegram sent to the officials of all local unions, said: "Joint committee has agreed on 25 per cent for all inside day labor on present wages received and \$1.50 per day for all outside day labor and monthly men, effective August 16."

Increases granted follow: "First, that the day wages now being paid to inside men and boys be increased twenty five per cent."

"Second, all monthly men and outside men's wages be increased \$1.50 a day."

"Third, any extra time paid day men and monthly men for any reason shall continue to be paid."

All mines in Indiana were idle Tuesday excepting three or four small ones, because of the dissatisfaction of the day and monthly men with previous awards made at Washington. It is thought all mines would be back on regular schedule late this week.

SAYS EMPLOYERS MUST NOT USE FORCE

Gompers Warns Against Shutting Down Factories to Scare People —Says Workers Being Intimidated to Make Them Vote Certain Way.

Binghamton, N. Y., Aug. 24.—Employers of labor must make no further attempts to force working people as they want them to, by frightening them by shutting down factories and reducing wages, declared Samuel Gompers, president of the American Federation of Labor before the convention of the New York State Federation of Labor today.

"Some corporate interests are trying to scare the men of labor," he said, "attempts are being made to shut down factories and reduce wages. There is not in storehouses stocks sufficient to meet the needs of the people and the shutting down is for the obvious purpose of repeating the old policy of the corporations and big business to frighten the people by telling them if they vote one way they will be kept out of work."

President Gompers said that the Pennsylvania railroad told him the laying off of 12,000 men by the road was necessary because the men were not needed and ten days later, he said the company issued orders that it would have to shut down in the handling of freight since there was labor shortage.

"We shall see further such attempts at this stage go on until election day," he declared.

TWO CARS OF WHISKY**

Chicago, Aug. 24.—Twelve men were arrested and whiskey valued at \$500,000 seized by prohibition agents under Major A. V. Dalrymple today.

The men were preparing to unload two car loads of whiskey when the government agents, who had been in hiding in the railroad yards and surrounded them.

EVERY CITIZEN SHOULD PLAY HIS PART IN POLITICS

**Harding Says People
Tired of "One Lead
Activities"**

**PLAYERS DO STUNTS
AND MAKE SPEECHES**

MARION, O., Aug. 24.—Theatrical folk brought a touch of Broadway to Senator Harding's front porch today and in a day filled with jazz pledged their support to him. About twenty actors and actresses were in the delegation. In a short speech the senator expressed his appreciation and suggested that in the drama of American politics the country wanted a change of bill to do away with "one lead activities" and to let every citizen play his fair part.

Charles E. Hughes, Republican presidential nominee in 1916, was another guest today and he made a brief talk to the actors, predicting Senator Harding's election. In a conference this morning with the nominee, and Colonel George Harvey of New York, Mr. Hughes talked over many aspects of the campaign.

Bring Jazz Orchestra
The delegation came under the auspices of the Harding and Coolidge Theatrical League. They brought their own jazz orchestra and a band of 100 pieces, besides and began their day with a parade thru the city's downtown section.

Shortly before noon they arrived at the Harding home and were cheered along to the front porch by the biggest crowd that has gathered since notification day.

Al Johnson, president of the league was "permanent chairman." He sang a campaign song, introduced nine or ten others who put on character stunts and then, turning to the nominee, said:

"Mr. President-to-be, what have you to say for yourself?"

Influence of the Theater
Senator Harding's reply was devoted to a discussion of the influence of the theater. He pleaded for a high standard for the theater.

Mr. Hughes said the American people did not want for a president a "trickster or a shrewd politician," nor one who would be isolated from the currents of popular thought, "but a man of courage, possessed of sound common sense, and who has an appreciation of American institutions."

"There is no hope for the world," he said, "unless America can protect and maintain her own institutions."

The jazz orchestra was the center of the performance and there were stunts or speeches by Henry Dixey, Blanche Ring, Leo Carroll, Zena Keefe, Eugene O'Brien, Helen Moyer and others.

**EXPECT TO REACH
WAGE AGREEMENT**

**Miners and Operators Represented
Argue on Penalties—
Utility Commission Defers
Investigation.**

Chicago, Aug. 24.—Agreement on the wage scale for day men in the Illinois coal mines is expected tomorrow, following the meeting today of the joint state committee of sixteen representatives of the operators and miners with eight on each side.

The committee argued for hours today over collecting the penalty, exacted from all miners who strike without authorization, is the one point on which the operators were reported to remain firm.

They were said to have declared the collection of the penalty was the one issue they would fight to enforce, although they were willing to compromise other points.

The state public utilities investigation of the coal situation until September 13. The commission, after experimenting with a \$10 penalty in addition to the regular demurrage rate on coal cars held more than 48 hours, is reported to have decided the penalty was more harmful than good and rescinded its order.

**BRITISH MINERS
TAKE STRIKE VOTE**

LONDON, Aug. 24.—Members of the British miners' federation began today to ballot on the prospect of calling a strike to enforce their organization demand for an advance in price of coal. The voting will continue all week. It is forecast by London news papers, however, that the miners will vote overwhelmingly in favor of striking unless their demands are granted.

The government has so far refused to consider the miners' demand.

**PRESIDENT WILSON'S NAME
STARTS DEMONSTRATION**
East Las Vegas, N. M., Aug. 24.—Pres. Wilson's name brought a greater demonstration at the Democratic state convention today than the mention of Governor Cox and Franklin D. Roosevelt, although the candidates were generously cheered.

Bulletins From Here and There

NEW YORK, Aug. 24.—The contest committee of the Aero Club of America announced tonight Chicago had been abandoned as the starting point of the national and international balloon races scheduled for September. This action was taken, the committee said, because facilities were unavailable.

LUCERNE, Aug. 24.—Former King Constantine of Greece is reported to have sought unsuccessfully for an interview with Premier Lloyd George today. In refusing, the premier said such meeting would be undesirable, especially in view of the attempt on the life of Premier Venizelos of Greece.

DES MOINES, Ia., Aug. 24.—The street car situation here remained unchanged today. Striking car men held a meeting today at which they reaffirmed their demands for \$84,000 back pay before they will return. Solution now hinges on action Federal Judge M. J. Wade takes on his arrival tomorrow.

COX PROMISES TO PROVE ASSERTIONS ABOUT SLUSH FUND

**Will Give Facts in Address
At Pittsburgh on
Thursday**

**SAYS WILL APPEAR
BEFORE COMMITTEE**

DAYTON, O., Aug. 24.—A promise to prove in his address at Pittsburgh Thursday, his charges that the Republicans were gathering a \$15,000,000 campaign fund was made by Governor Cox prior to his departure tonight on another speaking tour. He will speak tomorrow at Princeton and Evansville, Ind.

Gov. Cox also sent a telegram to Senator Kenyon, Republican, chairman of the senate campaign committee, assuring him of assistance in bringing out the facts.

"In addition to my statement in Pittsburgh," the telegram said, "I will send to your committee such leads for information as I possess. It will be my purpose to assist you in every way."

The governor told friends he stands ready to appear before the committee if it should desire personal testimony. "I don't need a subpoena," he said. "If they want me I'll go."

Confidence in proving his charges was indicated by the governor. His friends here declared he had voluminous documentary matter.

WARRANTS ISSUED FOR STRIKE LEADERS

CHICAGO, Aug. 24.—Indictments returned against 41 leaders in the railroad strike last April were ordered served today.

Federal Judge Alschuler refused to receive the indictments when they were voted by the grand jury and demanded that the jury first investigate a "leak" by which names of those indicted reached local papers before the report was presented in court.

Those indicted include John Granau, president of the Chicago Yardmen's Association, Harold Reading, president of the United Engineers' Association, the two new unions which called the strike; W. L. Bond, treasurer of the C. Y. A., and all their principal associates. They were indicted on charges with conspiracy to violate the Lever act thru interfering with the interstate shipment of coal, food and other necessities.

Warrants for their arrest were issued today and deputy marshals were instructed to arrest the men.

GOVERNMENT TAKES OVER THE CALIFORNIA PARKS

Sacramento, Calif., Aug. 24.—California no longer has even a vestige of police authority over lands within her borders recently incorporated in national parks. Final steps in the transfer of authority over the Yosemite, Sequoia and General Grant parks were completed yesterday when Governor Stephens received from John Borton Payne, secretary of the interior, notification that the United States had assumed jurisdiction over these areas.

LONDON, Aug. 24.—One plan for the settlement of the Danzig problem under consideration today by Great Britain and France was allied military occupation of the city altho up to tonight no decision had been reached.

BERLIN, Aug. 24.—The governing board of the railway workers' union at Danzig has voted to halt all port supplies arriving at that port destined for Poland. It will permit the transit only of food and sanitary supplies. The governing board has appointed local surveillance stations, who also will include the stations of Zoppot, Hohenstein, and Neufahrwasser.

CHICAGO, Aug. 24.—Charges that \$87,500 appropriated by the British parliament for entertainment purposes at the British embassy in Washington, made its way into the Democratic national committee, were made today by Congressman F. A. Britten, of Illinois, in a signed statement. Proof of this assertion will be brought before the senate campaign investigating committee Monday, he said.

DIPLOMATIC CONVERSATIONS ARE INITIATED

**Wants to Talk About Ger-
man Ships Allocated
to U. S.**

**PRESIDENT SHOULD
SHINE IN THAT GAME**

WASHINGTON, Aug. 24.—Great Britain has initiated diplomatic conversations with the American government as to the liability of the United States for expenditures necessitated by the detention in American ports of the seven former German liners allocated to this country to bring home American troops. The ships were held up by the shipping board after their surrender by the war department but were finally delivered to England.

British crews sent to America to take them over were idle in New York. A question of demurrage charges also is understood to be involved. No specific claim for reimbursement has been presented, the negotiations having been started to reach an amicable agreement as to where responsibility for the delay rests.

The ultimate ownership of the vessels, which include the Imperator now operated by the Cunard line, is understood to have been part of the discussion.

Great Britain claims title to the ships under the decision of the allied shipping commission, the rulings of which were never accepted by Washington. The shipping board has claimed that the allocation of the ships to the United States was permanent.

PLANS FOR RAT PROOF BUILDINGS

WASHINGTON, Aug. 24.—Standard plans for rat proofing business buildings, dwellings and wharves are being drawn up by the public health service as part of its campaign to stamp bubonic plague out of the country.

The plans are to be furnished to states and cities for incorporation in building codes. "According to authoritative estimates there is one rat for every person in the United States. To maintain the huge number of rats costs the people of this country approximately one cent per person every day for rat food."

ORANGEMEN IN ANNUAL CONVENTION

Chicago, Aug. 24.—The supreme grand lodge of the United States of the Loyal Orange Institution opened its first convention in four years today with 500 delegates from every state present.

"We Orangemen here in the United States hold that the Sinn Fein movement is purely a domestic concern of the British empire would have in mixing in our relations with the Philippine Islands," said George T. Lemmon, New York, secretary.

HEARING IN PONZI CASE DEVELOPES INTO STORMY ONE

**Defendant Attorney
and Receivers Use
Harsh Language**

**NO INTERNATIONAL
POSTAL COUPONS**

BOSTON, Aug. 24.—A payment of less than 50 cents on the dollar to the creditors of Charles Ponzi's get-rich-quick scheme, if official estimates of his liabilities are correct, was indicated by his statement of assets at the receivers' hearing today.

Assuring federal receivers he had disclosed all he knew, Ponzi told of assets which R. G. Dodge, counsel for the receivers, declared were "not worth near \$3,000,000." The official estimate of his liabilities, after an audit of his accounts stands at \$7,000,000. Ponzi said he thought this was wrong. He claimed he had nearly four millions of assets to meet his liabilities which were set at three millions.

Attorney Surrenders Checks
The hearing was stormy. D. H. Coakley, counsel for Ponzi, surrendered to the receivers checks for \$25,000 each, which had been given him and D. V. Melisac associate counsel, as retaining fees. He said when he took the money he thought Ponzi was a millionaire, but that now he wanted everything to go to the creditors.

E. A. Thurston, a receiver, remarked:

"If you thought this man had a million dollars, do you suppose anybody thinks you would have got only \$25,000?"

"You are a liar when you suggest anything like that," exclaimed Mr. Coakley.

The lie was passed three times, without retort by the receiver. Showing Ponzi stubs for six checks of \$200,000 each, Mr. Dodge asked him who obtained the money and for what purpose. Ponzi replied he had withdrawn the money to prevent attachments and had deposited it later in other banks.

Ponzi smiled when he answered "no" to a question whether he had any stock of International Postal Coupons, which he had told investors formed the basis of his road to riches. He refused to say whether he had received any income from European sources or had any income except that from investors.

Miss Lucy Meli, 18, Ponzi's former manager, said she knew of no source of income for Ponzi except what he received from investors. Asked if she had seen in the office any international reply coupons, she said there had been "one or two there, used as samples." She had transferred money abroad only once or twice, she testified. The hearings were postponed indefinitely to allow Ponzi to go over his books for further information of his assets.

REPORTS INDICATE REPUBLICAN SUCCESS

**Leaders Make Optimistic Reports
to Chairman Hays—Latter
Cautious Against Over Confi-
dence.**

NEW YORK, Aug. 24.—Optimistic reports regarding Republican leaders of twelve eastern states in conference with Will H. Hays, chairman of the Republican national committee, Mr. Hays said the meetings today were most gratifying and "confirm entirely our opinion and belief as to political conditions."

"Without exception," he added, "the leaders reported, virile organizations with splendid enthusiastic personnel. This condition is not only among the party workers, but is also manifested in the entire electorate, regardless of past party affiliations."

"These men and women are determined to end the maladministration at Washington. Eight years this has been going on and we have had enough. Let us clean house."

Notwithstanding optimistic reports, Chairman Hays cautioned his assistants not to allow over confidence to lead them into the error of neglecting the smallest details of their campaign.

WILL RECEIVE FORTUNE WHEN SHE BECOMES 40

Chicago, Aug. 24.—The will of Samuel Scotten, late board of trade operator, approved today in probate court, provided that when the youngest of his three daughters becomes 40 years old, one half of his million dollar estate will be divided equally among them.

Until the youngest daughter becomes 40 years old, each sister shall receive \$300 a month, the will set forth.

CONDEMNED ADMINISTRATION
Dover, Del., Aug. 24.—Condemning the Wilson administration, the Republican state convention today also endorsed a league of nations with reservations. The platform adopted states that the diplomatic services of the country had been debased.

INDIANA MINERS RECEIVE INCREASE IN NEW WAGE SCALE

**New Schedule Becomes Op-
erative August
the 16th**

**ALL MINES TO
BE WORKING SOON**

TERRE HAUTE, Ind., Aug. 24.—A supplemental contract by which the day and monthly men employed at Indiana mines receive a substantial increase was signed today by the joint wage scale committee of the Indiana Coal Operators and Miners, the new schedule to be in effect from August 16.

Telegrams advising of the finding and ordering the men to return to work were sent to all officials and members of all local unions of district No. 11, United Mine Workers of America.

The telegram sent to the officials of all local unions, said: "Joint committee has agreed on 25 per cent for all inside day labor on present wages received and \$1.50 per day for all outside day labor and, monthly men, effective August 16."

Increases granted follow: "First, that the day wages now being paid to inside men and boys be increased twenty five per cent."

"Second, all monthly men and outside men's wages be increased \$1.50 a day."

"Third, any extra time paid day men and monthly men for any reason shall continue to be paid."

All mines in Indiana were idle Tuesday excepting three or four small ones, because of the dissatisfaction of the day and monthly men with previous award made at Washington. It is thought all mines would be back on regular schedule late this week.

SAYS EMPLOYERS MUST NOT USE FORCE

**Gompers Warns Against Shutting
Down Factories to Scare People
—Says Workers Being Intimidated
to Make Them Vote Cer-
tain Way.**

Binghamton, N. Y., Aug. 24.—Employers of labor must make no further attempts to force working people as they want them to by frightening them by shutting down factories and reducing wages, declared Samuel Gompers, president of the American Federation of Labor before the convention of the New York State Federation of Labor today.

"Some corporate interests are trying to scare the men of labor," he said, "attempts are being made to shut down factories and reduce wages. There is no necessary connection between the shutting down of the factories and the obvious purpose of repeating the old policy of the corporations and big business to frighten the people by telling them if they vote one way they will be kept out of work."

President Gompers said that the Pennsylvania railroad told him the laying off of 12,000 men by the road was necessary because the men were not needed and ten days later, he said, the company issued orders that it would have to shut down in the handling of freight since there was a labor shortage.

"We shall see further such attempts as the weeks go on until election day," he declared.

CONFERENCE OF LIVE STOCK MEN IN WASHINGTON

Kansas City, Mo., Aug. 24.—On invitation from Edwin T. Meredith, Secretary of Agriculture, J. N. Watson, attorney for the Kansas City Livestock Exchange will leave for Washington tonight where Secretary Meredith will hold a conference with representatives of several livestock exchanges Thursday in an attempt to adjust brokerage rates of livestock commission men.

The injunction petition asking that Secretary Meredith be restrained from regulating the brokerage rates, to have been filed today by the Kansas City Livestock Exchange will not be filed, pending results of the conference, Mr. Watson said.

BOLSHEVIKI ARMY HAS BEEN CUT OFF

Washington, Aug. 24.—As a result of the capture by Poles of Bialystok and the adjacent railroad junction, the Bolshevik army is cut off from the Polish legation was informed today.

Complete defeat of the Bolshevik army which was retreating without resistance was also reported in the advices which announced the taking of 70,000 prisoners.

STUDENTS CHARGED WITH BURGLARY

Utica, N. Y., Aug. 24.—F. H. Pennett, of Rochester, N. Y., 21, student of the University of Michigan, and M. C. Adams, of Barnard, N. Y., a junior at the University of Pennsylvania, are under arrest tonight, charged with having burglarized the home of Mrs. A. C. Ernst on the Fulton Chain of Lakes as the result of confessions they are alleged to have made. Diamonds and jewelry valued at \$6,000 were stolen.

RUSSIAN NORTHERN ARMY RUMORED IN COUNTER OFFENSIVE

**Decisive Battle Re-
ported in Progress
Near Neidenburg**

**RED DETACHMENTS
CUT FROM RETREAT**

LONDON, Aug. 24.—A despatch to the Exchange Telegraph from Berlin says the Deutsche Allgemeine Zeitung publishes report that the Russian northern army has commenced a counter offensive which appears to have partly succeeded. The despatch adds that the Poles have been forced back in the corridor between Mlawa and Chozak while near Neidenburg a decisive battle is in progress.

Paris, Aug. 24.—The Poles continue to exploit their victory. The Bolshevik northern army, even should it cut its way east, will find its road barred by the Poles who have reached Bialystok.

The Bolsheviks, however, latest advices say, are active higher up the Bug, notably near Vlodawa.

So far it has been plain sailing for the Poles, in the opinion of the military observers but is declared further development of the operation involves a certain danger for the Poles who will be obliged to extend their front considerably.

One Division Captured
Warsaw, Aug. 24.—(By the Associated Press).—Lomza, 75 miles northeast of Warsaw, and Bialystok, 50 miles east of Lomza, have been recaptured by the Poles says an official communication today.

Many Red detachments are crossing the Prussian frontier. There the eighteenth and thirty-third Bolshevik divisions have been smashed and all of the fifty-fourth division captured.

Military authorities announce that the government districts of Poland except Suwalki and Grodno have been virtually cleared of the Bolsheviks, some of whom, in the panic of retreat crossed into east Prussia.

Many Red detachments have been cut off from retreat and are gradually being gathered in. Peasants, armed with clubs and scythes are assisting the Polish soldiers.

One thing is certain, the public sense in this community in its relationship to games of chance is much dulled these days.

Postal clerks have sent a communication to Gov. Cox asking what opportunity they will have for hearings from time to time if he becomes president. Naturally the postal men would like this information, for they have had a mighty hard time gaining a hearing in the past days.

Gov. Cox is to have a chance to tell the senate committee on campaign expenditures what he knows about the Republican \$15,000,000

fund. It was the Ohio governor who made the charge and now it is up to him to submit the proof. Either the candidate has talked too much or he has "the goods" which will be embarrassing to the Republican party managers. Let him speak.

Passenger travel was never before quite so heavy on the railroads, both in Illinois and in other states. Evidently many people do not have faith in the ability of the state to insist that the railroads shall return to the 2c fare in this state which was effective in the pre-war period. The railroads will make a strenuous fight against such program and on the basis of operation costs by comparison with the pre-war time they have the best of the argument.

GIVE THE CANDIDATES A HEARING.

Lieut. Gov. Oglesby is coming to Jacksonville this morning and tonight Mayor Woodruff will be a visitor in the city. Both are candidates for the Republican nomination for governor in this state and both should be given a respectful hearing.

There are many questions of importance to be considered in connection with the primary election, which is just three weeks in the future. Charges and counter charges have been made and it

is the duty of the voters of the state not to ignore these things but to look for the facts. When the smoke has all cleared away it is the facts that the people want and on the basis of these facts it will not be difficult for the voters who really consider the best interest of his state as paramount, to give his support in the primary election to the candidate whom he believes will guard state interests.

Ponzi is demanding that he have an immediate trial and still declares that he is not bankrupt and is able to meet his obligations. To the uninformed it seems like a simple process to clear up this whole financial affair. If Ponzi has in his possession the millions his records show due to his customers, why not let him produce the money and meet the obligations. Then most everybody would be satisfied.

DIVIDING THE BLAME.

The report of the commission appointed to look into the electrical railway situation was recently made public. It seems to contain matter of more general interest than is usually true as the result of such investigations. Members of the committee evidently believe that the managers of railway companies are partially to blame for the distressing conditions in which the railways are now found.

Higher cost of operation and the development of automobile traffic have contributed largely to the condition, but the companies are charged with over-financing and with some extravagances in operation.

UNDER THE FLAG.

In closing an address recently at Augusta, Maine, Will Hays, chairman of the Republican National Committee used the following sentences:

"A companion picture, did I say? No, never. There can be no companion banner to the Stars and Stripes as a symbol of the great Republic. There shall be, but one flag. But that flag I would paint and hold for a moment to the light of heaven that all might mark the difference between the old and the new. There would be no need to hoist that banner. It was raised first on Dorchester Heights by George Washington. But a few days ago I saw it raised in Marion, Ohio, by Warren G. Harding. For nearly a hundred and fifty years it has floated over this free land, and never once been lowered. And at the base of the pole I would draw, facing all the world if need to defend should come, the figure of a great American—an American in every fibre of his being as faithful as Washington, as humble as Lincoln, and as unafraid as Roosevelt—your leader, your candidate and your friend."

WANDERING HOUSES

By Ensley Moore

(Member Illinois State Historical Society)

At first glance it would seem as if houses were about as immovable as anything could be; and yet many of them travel considerable distances.

Augustus E. Ayers' dwelling place, in 1857, took to itself rollers, rather than wheels, in 1858, and afterwards repaired to the east side of Sandusky street, just north of the Wabash railway.

It was a story and a half frame building, two rooms deep, the back part being one story high. The back part of the roof ran straight down over the back of the story and a half part and on over the one story part. The house was first placed at the north end of Mr. Ayers' lot—then running clear to LaFayette Avenue. West North street not being opened until 1863. Two or three years later it was taken to the Sandusky street site. It was James L. Montgomery's first home here, about 1858-9.

The King-Fox House
A good sized frame house stood at the northwest corner of State and West streets, in 1857, being occupied by the David King family. Later on C. H. Fox had it as a boarding house. It was taken away in 1868 to make room for the new (present) Court House. The frame was set down on the north side of East North street, a few doors west from Illinois Ave.

The Barden-Edgerton House
occupied for boarders, by Horatio Barden, in 1857, and later by Mrs. U. C. Edgerton, stood next west of the King house, above referred to. H. O. Cassell was married to Miss Maria Edgerton, about 1866. The house was taken to the southeast corner of Grove and Kosciusko streets about thirty five years ago, being now occupied by A. R. Taylor.

It is to be considered that these early houses generally had splendid hardwood frames; and that most, if not all of them, are still in use.

John Carter's first residence here was the story and a half white frame at the southeast corner of State and Prospect from whence it was moved, about 1875, to give place to what is now the handsome residence owned by Miss Grace Carter. The earlier house was the first one occupied by the E. R. Elliotts, when they came here to live. It is now down on the west side of South East street, near the Brook.

The "Duncan" House stood, in 1857, second door east

of the southeast corner of Sandy street and the Square. In that house Mr. and Mrs. Joshua Moore were married, in 1841. It was moved to South West street about 1866. Gov. Duncan had built it for rent. It was two stories and a half high, and a decided improvement at the time it was put up.

Lawson's house at the northeast corner of East Morgan street and the Square, was another large frame flush up to the sidewalk on the west and south sides—in 1857. It was probably moved, about Civil War times, to the northwest corner of College and Kosciusko streets.

"Ayers Hotel," was kept by Daniel W. Ayers—a Jerseyman—on North Sandy street, in 1857. It was part frame and part brick. The frame—two story section—was moved to the west side of North Main street, just north of Dunlap, about 1870 or 1880. J. W. King had it; and, as he was improving his own home, on State street, then, he put his old porch on the front of the "King House" hotel.

Capt. John Henry lived at the northwest corner of College avenue and Westminster street in 1857, and until about 1870, when he sold his little home to the Rev. W. G. Gallaher, for his daughter, Mrs. Wm. E. Capps. The Capps' lived there a year or so, and then moved the Henry house down on the west side of South Diamond street, two or three doors from Grove street, and Mr. Gallaher built the brick for his daughter.

"The Burdett House" as it was known with its columned front, stood where the Public Library is now. The house was moved to the west side of South Diamond street, a door or two south of College avenue. This residence was occupied latterly, on its first site, by the Richards-Louis C. Barrett people.

"Swift, daguerotypes" lived in a two-story house half way between Diamond and Kosciusko, on the south side of State street, in 1857. Dr. Herriott lived there some time afterwards. The house was transported to the west side of North Fayette street, a few doors north of Jordan; set up higher, improved, and now adorns that locality.

And many other houses have wandered away from their first locations.

Successful Chicken Raising
Mention was made some months ago of the experience of James Petelish of Litchberry with poultry. The gentleman was in the city yesterday and remarked that he was having good success this year. From a hundred chicks hatched in an incubator he lost none, raising all successfully. He has a two story barn in which he has his hens roost and chooses the upper floor. He says success means closer application and hard work but it pays. He says it costs him two dollars a year to keep a hen and he estimates the income from one at \$3.50 leaving a good margin and he has to buy practically all his feed.

He has visited an extensive poultry farm owned by a St. Louis capitalist and located in the Ozark mountains of Missouri, where land is worth but extremely small prices. The place is probably 35 or 40 miles from St. Louis and is managed for the company by a graduate of Cornell university. New York and he is making money for the company. He has 7,000 hens and cares for them scientifically. His green stuff for them he raises and buys the rest. He has a cold storage plant at the railroad station where he does his shipping and practically all the eggs and fies are sent to New York.

He has a large, well ventilated place for the fowls to roost in at night and has them all go to the upper story. The refuse from each hen is worth 25 cents a year as it is a very valuable fertilizer.

It has often been said that poultry raising on a large scale had not been profitable in the west, but here is an example to the contrary.

When a Body is Ailing

Whenever there is a disease or suffering in some part of the body, Chiropractic has demonstrated that it is due to the pressure of spinal bones on the nerves that should feed those affected organs. Invariably when this pressure is relieved by Chiropractic Adjustments, the trouble vanishes and healthy conditions are restored.

That is why, if you go to a Chiropractor to be relieved of severe headaches or other troubles, he adjusts that part of the spine where certain nerves are pressed (or squeezed by the movable bones of the spine.) He adjusts the bones back to normal position, thus removing the pressure. Nature's healing forces are set free to build up and strengthen the weakened or diseased parts.

Experience has shown that there is hardly a case of disease or ailment that has not been benefited by Chiropractic Adjustments of the spine. The Chiropractor knows just what part of the spine to adjust for the different troubles. It's all a part of his science and his training.

CHIROPRACTIC
THE BETTER WAY TO HEALTH

is never followed by adverse results. Certainly it has never done anyone any harm, but it has done thousands an immeasurable amount of good. If you are ailing, no doubt the trouble lies in your spine. Try Chiropractic and prove its merits.

One thing is certain, the public sense in this community in its relationship to games of chance is much dulled these days.

Postal clerks have sent a communication to Gov. Cox asking what opportunity they will have for hearings from time to time if he becomes president. Naturally the postal men would like this information, for they have had a mighty hard time gaining a hearing in the past days.

Gov. Cox is to have a chance to tell the senate committee on campaign expenditures what he knows about the Republican \$15,000,000

fund. It was the Ohio governor who made the charge and now it is up to him to submit the proof. Either the candidate has talked too much or he has "the goods" which will be embarrassing to the Republican party managers. Let him speak.

Passenger travel was never before quite so heavy on the railroads, both in Illinois and in other states. Evidently many people do not have faith in the ability of the state to insist that the railroads shall return to the 2c fare in this state which was effective in the pre-war period. The railroads will make a strenuous fight against such program and on the basis of operation costs by comparison with the pre-war time, they have the best of the argument.

GIVE THE CANDIDATES A HEARING.

Lieut. Gov. Oglesby is coming to Jacksonville this morning and tonight Mayor Woodruff will be a visitor in the city. Both are candidates for the Republican nomination for governor in this state and both should be given a respectful hearing.

There are many questions of importance to be considered in connection with the primary election, which is just three weeks in the future. Charges and counter charges have been made and it

is the duty of the voters of the state not to ignore these things but to look for the facts. When the smoke has all cleared away it is the facts that the people want and on the basis of these facts it will not be difficult for the voters who really consider the best interest of his state as paramount, to give his support in the primary election to the candidate whom he believes will guard state interests.

Ponzi is demanding that he have an immediate trial and still declares that he is not bankrupt and is able to meet his obligations. To the uninformed it seems like a simple process to clear up this whole financial affair. If Ponzi has in his possession the millions his records show due to his customers, why not let him produce the money and meet the obligations. Then most everybody would be satisfied.

DIVIDING THE BLAME.

The report of the commission appointed to look into the electrical railway situation was recently made public. It seems to contain matter of more general interest than is usually true as the result of such investigations. Members of the commission evidently believe that the managers of railway companies are particularly to blame for the distressing conditions in which the railways are now found.

Higher cost of operation and the development of automobile traffic have contributed largely to the condition, but the companies are charged with over-financing and with some extravagances in operation.

UNDER THE FLAG.

In closing an address recently at Augusta, Maine, Will Hays, chairman of the Republican National Committee used the following sentences:

"A companion picture, did I say? No, never. There can be no companion banner to the Stars and Stripes as a symbol of the great Republic. There shall be, but one flag. But that flag I would paint and hold for a moment to the light of heaven that all might mark the difference between the old and the new. There would be no need to hoist that banner. It was raised first on Dorchester Heights by George Washington. But a few days ago I saw it raised in Marion, Ohio, by Warren G. Harding. For nearly a hundred and fifty years it has floated over this free land, and never once been lowered. And at the base of the pole I would draw, facing all the world if need to defend should come, the figure of a great American—an American in every fibre of his being as faithful as Washington, as humble as Lincoln, and as unafraid as Roosevelt—your leader, your candidate and your friend."

Mrs. Lucy Doucette of Manchester, N. H., who says she's just so happy over the way Tanlac restored her health she can't keep from telling people about it.

"I am just so happy over the way Tanlac has restored my health that I can't keep from telling people about it," said Mrs. Lucy Doucette, of 76 Stark street, Manchester, New Hampshire, a few days ago. "I suffered so long with chronic indigestion that I didn't know what it was to sit down and enjoy a single meal. My stomach was so badly disordered I had to live on the strictest diet, and nothing seemed to agree with me. At times my breath seemed to be cut off, and I would suffer for hours at a time."

"I lost my strength completely and became so weak and run-down I would give out several times during the day and would have to stop and rest. I was extremely nervous and irritable and just felt like I would break down completely."

"One day I saw a statement from a friend of mine who said Tanlac helped her wonderfully, so I was convinced it was a dependable medicine and I began taking it immediately, and I am more than pleased at the splendid results. My appetite improved right from the first, and the horrible indigestion from which I suffered so long has entirely disappeared."

"I have now finished my fourth bottle, and can eat just anything I wish without any bad after-effects. I also sleep better and have more strength and energy. It is a pleasure to tell others what Tanlac has done in my case."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.—Adv.

Asserts New Discovery Brings Blessed Relief to Hay Fever Sufferers

Can Make it Yourself at Home at Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing Hay Fever into less than a mild cold, claims most emphatically that if taken in time Hay Fever or Rose Fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through Pharmacists to all Hay and Rose Fever sufferers who still have faith that nature has provided an effective remedy for this common, yet miserable disease.

And best of all this remedy costs almost nothing. Get three-quarter ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled. Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work, but oftentimes simple, natural remedies are the best; as you will find after using.

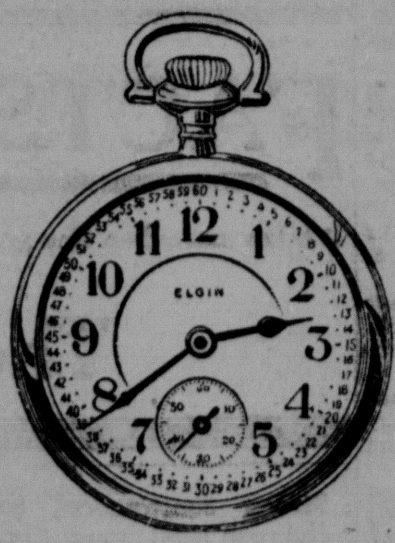

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Mentholized Arcine is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

PREMIER SAYS ITALY ENTERED WAR TOO SOON

Thinks Should Have Entered Same Time as America—Hopes for Early Settlement of Russo-Poland Difficulty.

Lucerne, Switzerland, Aug. 24.—(By The Associated Press.)—Premier Giolitti of Italy, before departing today for Rome after his conference with Premier Lloyd George of England, told the correspondent he was "still convinced Italy entered the war too soon and should have entered the same time as America."

With reference to accusations charging him with having had German sympathies Premier Giolitti declared he had never been pro-German. He paid tribute to America, saying America had shortened the war.

Relative to his conference with

Premier Lloyd George, the Italian premier said: "We both want peace and hope that the Russo-Poland and the Adriatic questions will shortly be satisfactorily settled, but Fiume must either remain Italian or be internationalized. We cannot cede an Italian port to the Slavs. Premier Giolitti said he came to Lucerne with no specially settled program, but was leaving "content and happy."

"I shall meet Premier Miller and at Aix Les Bains in the same spirit the first week in September," he added.

COLORADO LABOR HEAD WIVES PROTEST TO BAKER
Denver, Colo., Aug. 24.—James C. Bulger, president of the Colorado Federation of Labor, today telegraphed to Secretary of War Baker, protesting against United States soldiers riding on Denver street cars, and "assisting and protecting strike breakers in the operation of cars."

FIRE DESTROYED LUMBER COMPANY
Minneapolis, Aug. 24.—Fire tonight destroyed the plant and yards of the Northland Pine Lumber company in North Minneapolis with a loss estimated at over \$500,000. Eight million feet of lumber, 5,000,000 shingles, several warehouses and other buildings spread over an area of six blocks were consumed.

The fire was confined to the company's yards, the several newly erected residences were damaged.

VOTE FOR HUGH GREEN
—FOR—
States Attorney
September Fifteen

Morgan county voters will make a good move in voting for Hugh Green, for the Republican nomination for State's Attorney, at the primary election on Sept. 15, 1920. He is well qualified by education, experience and temperament to handle the office in a capable and satisfactory manner.

HUGH GREEN.

No young man deserves more credit for making his way in the world than Hugh Green. His father died when the boy was three years of age and young Green was compelled to start out early for himself. He began as ploughboy at 25¢ per day. By perseverance and hard work he managed to get a high school education, and was graduated at the head of his class. At Illinois College he supported himself by scrubbing floors, washing windows, mowing lawns, stoking furnaces, clerking in stores, and in fact doing everything he could get to do during the school year and by doing farm work and traveling with a threshing outfit during vacation. In four years he was graduated with honors and then went to Chicago where he again earned his own way and again was graduated with honors from Northwestern University Law School. Returning to Jacksonville 5 years ago, he entered the practice of law, and was just established when the World War came. He was examined in the draft but found too much underweight to be accepted. He then assisted the Local (Exemption) Board and his work was of a highly satisfactory character. Although he sacrificed his entire business, and was out for 18 months, he received nothing for his services except the pay of a private soldier, which was \$1 per day and board. By change of physical requirements in the army he became eligible to be and was inducted into military service on Sept. 6, 1918, sent to Camp Grant, Illinois, and from there was assigned to the Board. He was discharged at Camp Grant on Feb. 24, 1919.

In June 1919 he was married to Miss Clara Belle Hopper. They have one son. Mrs. Green is a daughter of Mr. Charles Hopper, of Hopper & Son.

Louis Maul of Litterberry made a trip to Jacksonville yesterday.

NEW FREIGHT RATES EFFECTIVE TOMORROW

New freight rates are effective tomorrow, Aug. 26, and local freight men are correspondingly busy. Mr. Maddox of the C. & A. freight office said yesterday that the C. & A. is besieged with questions, many of which cannot be readily answered. The local office thus far has received only one tariff sheet and it does not cover nearly all the rates about which inquiries are made. Other information is also lacking and the freight men have not been advised just how application of the new rates will become effective.

The general increase in Illinois ranges from 1-3 per cent to 40 per cent. It has been almost a superhuman task for the experts to figure out the increase in their application to the whole country. However, it is expected that it will not be long before all freight line employees have the necessary data on hand. One thing is very certain, the higher rates are effective tomorrow and every shipper or consignee will pay them.

FORMER FOOTBALL STAR ON OLYMPIC TEAM

Topeka, Kan. — The first intimation relatives and friends of Lieut. Samuel G. Stewart of Topeka, one of the American Olympic boxers, had of his prowess in this field came with the announcement that he had won out in the Olympic elimination contest. Stewart, a former football star of Washburn college here is now at Antwerp to participate in the international games.

Stewart has been in the army since his graduation from Washburn college in 1917. He played fullback on the college team several years. In writing to his brothers here he said he originally intended entering the long distance and hurdle races, but finding these lists crowded, decided on boxing. Sport authorities describe Stewart's showing as phenomenal considering his brief experience with the gloves. He is more than six feet tall and weighs 200 pounds. He is a first lieutenant in the 79th field artillery, Central Division.

FACTS WORTH CONSIDERING

It takes more than fine growing weather to produce the crop you are needing. You want a BIG CROP, every man does, but it means proper tools to produce the desired results.

The Hoosier Means 100% Service

Strong construction, heavy channell steel frame "bridge construction", with heavy steel corner plates and angle steel cross ties. Wheels, heavy staggered steel spokes upset or riveted in both hub and rim, assuring you of strongest wheel on the market, with self aligning roller bearing axle boxes, dust proof. Land measurer that operates direct from main axle.

For more than half a century, the Hoosier Drill has been working successfully for the "American Farmer." The Hoosier Drill as it is built today represents fifty years of tireless efforts to eradicate any and all weakness as well as to make improvements that are a big advantage to the farmer, irrespective of the price of grain a real farmer will not put his crop in with unreliable tools. It is a money loser, therefore be sure and investigate before you invest, and a careful study of all Drills will bring you around to the purchase of "THE HOOSIER DRILL"—the one very necessary tool for this season of the year.

PREMIER SAYS ITALY ENTERED WAR TOO SOON

Lucerne, Switzerland, Aug. 24.—(By The Associated Press.)—Premier Giolitti of Italy, before departing today for Rome after his conference with Premier Lloyd George of the United Kingdom, said he was "still convinced Italy entered the war too soon and should have entered the same time as America."

With reference to accusations charging him with having had German sympathies Premier Giolitti declared he had never been pro-German. He paid tribute to America, saying America had shortened the war.

Relative to his conference with

Premier Lloyd George, the Italian premier said: "We both want peace and hope that the Russo-Polish and the Adriatic questions will shortly be satisfactorily settled, but Fiume must either remain Italian or be internationalized. We cannot cede an Italian port to the Slavs."

Premier Giolitti said he came to Lucerne with no specially settled program, but was leaving "content and happy."

"I shall meet Premier Miller and at Aix Les Bains in the same spirit the first week in September," he added.

FACTS WORTH CONSIDERING

It takes more than fine growing weather to produce the crop you are needing. You want a BIG CROP, every man does, but it means proper tools to produce the desired results.

The Hoosier Means 100% Service

Strong construction, heavy channell steel frame "bridge construction", with heavy steel corner plates and angle steel cross ties. Wheels, heavy staggered steel spokes upset or riveted in both hub and rim, assuring you of strongest wheel on the market, with self aligning roller bearing axle boxes, dust proof. Land measurer that operates direct from main axle.

Disc has positive dust proof, long wearing, cone bearing with deep straight way oiler, conveniently located and large capacity.

The feed cup is a most wonderful and satisfactory device. It is the improved fluted force feed, and is adjustable up and down as well as from side to side; very quickly and easily changed to suit any and all kinds of seed.

For more than half a century, the Hoosier Drill has been working successfully for the "American Farmer." The Hoosier Drill as it is built today represents fifty years of tireless efforts to eradicate any and all weakness as well as to make improvements that are a big advantage to the farmer, irrespective of the price of grain a real farmer will not put his crop in with unreliable tools. It is a money loser, therefore be sure and investigate before you invest, and a careful study of all Drills will bring you around to the purchase of "THE HOOSIER DRILL"—the one very necessary tool for this season of the year.

The weather was warmer Tuesday and so more favorable for the chautauqua. The result was seen in the attendance, the big tent being full to overflowing. Still greater interest was shown in the boys' and girls' work and Mr. Collins and his assistants had a large number to demand their attention. Mrs. Alice S. Houston of the University of Illinois gave the first of her household science demonstrations, which interested a large company of women.

Dr. Cope delivered his lecture on "America—Its Fusion of Races," and was heard with interest. In the afternoon the Welsh Glee singers gave a concert program beginning at 2:15 o'clock. The young men in the group sang with all the native talent that characterizes the musical Welsh people and they were given numerous encores. The same group appeared the second time in the evening and the program again was received with enthusiasm.

The afternoon lecture was by Rev. Roy L. Smith, whose theme was "The High Cost of Low Living." He handled the subject with humorous touches but his purpose was to drive home important truths.

Following the concert in the evening, Davis the Magician, appeared much to the delight and mystification of the young people. The magician's entertainment always has an important place on a chautauqua program and is popular with boys and girls and with those who are older in years.

Mrs. Houston, who began her domestic science work, gave a demonstration on light bread and biscuit making. The subjects discussed were of especial interest to the housewives and valuable suggestions were received by those who attended.

A Fine Lecture
 Roy L. Smith, who delivered the lecture in the afternoon, is a Methodist minister altho the program did not indicate that he was connected with the church. He is evidently a young man of unusual experience and a student of human nature as well as times and conditions. His lecture yesterday afternoon continued for nearly an hour and a half and the people were still interested at the close. This statement is sufficient to indicate that the Morgan county people found that Mr. Smith had a real message to deliver and further, that he clothed it in a way that

The day's events closed with an excellent motion picture.

Good Reports from Mr. Cope
 Today's program, which is presented above, includes a lecture by H. E. Cope, now familiarly known as "Kill the Blues Cope." There was continued reports of Mr. Cope's successful work on the chautauqua circuit this season and he is proving exceedingly popular wherever he has been heard. The chautauqua management counts him as one of the strong attractions of the program.

Notes
 W. D. Henry of Woodson called at the tent of Mrs. Luela Henry Monday and enjoyed fine hospitality.

Harold Wright and family have the most northern location and being late were obliged to use a Peoria tent. They have absolutely the finest view in front of their tent of any campers on the ground. Nothing excels the park in front of them.

Miss Isabel Thompson of Monticello is a guest at the Harold Wright tent.

T. H. Buckthorpe has a place not quite as showy and striking as some but it is supplied with all manner of conveniences for no one knows better than he and his accomplished wife how to fix things for comfort and good times.

James W. Brown manages to spend the evenings with his family at their pleasant place of abode and they greatly enjoy the evening programs.

Miss Kettie Grassley is a guest of Miss Eugenia Hart in the tent named 42.

Mrs. Morris Seymour of No. 47 went home to Franklin yesterday morning to see that everything was all right and will be back again today. Eleven girls from Giggie Inn accompanied three boys, all in one automobile, to the college hill fire Monday night.

Mrs. T. W. Deere and daughters, Ida and Hattie arrived on the grounds yesterday morning.

Four-year old, Master Eddie Hopper, has armed himself with a policeman's star and billy and will help keep order on the grounds.

Ralph Barrows was a guest at the tent of Mrs. Louella Henry Austin King of Murrayville took supper at the Cade and Hayes tent Monday.

William Richardson of Sun-clar was a guest at the Charles Balmer tent Monday.

The Pastoral Helpers continue to do a fine business and give excellent satisfaction with the bill of fare they offer.

The Fox Inn company left yesterday evening to attend a surprise party given for Thomas Coultas west of the city.

The Jojasovi girls have a tent and are well fixed to enjoy the chautauqua.

The types made Rev. J. P. Hillierby 80 years old when it should have been 88 and no one has claimed to antedate him in birth.

Lloyd Carter, Crum Cleary, Fred Cain and Lyle Whit have possession of "She Sighed" Inn and make it a merry bachelors' hall and are well pleased.

The Morgan county farmers' union has a tent with a lot of useful literature and a welcome for all tillers of the soil.

Miss Dorothy Deaharage left yesterday for a day at the state fair.

W. A. Crouse, one of the chautauqua police that \$2.50 gold piece which was advertised as lost.

"Don't Step Inn" is a new name along with other original ideas displayed in selecting cognomens.

Mrs. R. J. Newdome of Peoria is visiting the Watson-Meggins headquarters.

Mrs. J. E. Armitage has returned from a trip to St. Louis.

Mrs. W. T. Craig of Woodson was a guest on the grounds with her home friends yesterday.

Miss Martha Strang of Woodson visited with Mrs. Amos McCurley people yesterday.

Miss Charibel Meggins went home to Woodson for the day only yesterday.

Amos McCurley and family have returned from a trip to Champaign where they have been visiting and are now in their quarters on the grounds.

Mr. and Mrs. Wm. Scholfield and daughter, Shirley, were guests at the tent of Mr. Scholfield's parents.

The Woodward-Hutches tent had an important visitor Monday night as yesterday, a no less person than Herschel Agee of Springfield. The gentleman is

federal inspector but insists his visit is purely one of friendship as he has no suspicions of anything stronger than coffee or tea about the grounds in general or the quarters of his friends in particular. His special duty is to check up doctors and druggists and see that prescriptions are sent in a bona fide manner and not as an excuse for a thirsty booze fighter.

The only approach to unkindness the reporter has experienced was when the occupants of a certain tent began telling him of their bill of fare; hot mince pies, cake and preserves, fresh country butter, boiled ham, etc.

Miss Leola Spencer is enjoying her two weeks' vacation with the Spencerian Inn people. She is employed by the Jacksonville Transfer company.

Miss Iva Sharp of the Waddell & Co. store is enjoying a vacation on the chautauqua grounds.

Nellis Crain of No. 47 says the chautauqua is the best ever but still he thought he would take in the state fair for a day.

"Skidoo Inn" is a novel appellation for a tent but the people in it are not given to running away.

Mrs. Rinehart, daughter, Miss Suanne and Miss Marion Updegraff make a very attractive trio whom it is a genuine pleasure to meet. They are pleasantly situated on the east side.

In the base ball games in which the nines were composed of both boys and girls, Miss Caroline Doane did fine work as a pitcher and threw and caught the ball as well and gracefully as any boy.

The Rawlings and Gibson tent had the pleasure of entertaining Miss Georgia Mawson of Murrayville recently.

The Y. M. C. A. and Morgan County Sunday School association have a tent in common and invite all to visit them who want to become better acquainted with the work.

Mrs. Arch Bridgman and daughter Alma of the northwest part of the country are guests at the Spencer Inn.

JOINT DEBATE WAS HEARD AT EXETER

H. H. Bancroft and Congressman Rainey Discuss Leading Issues of Day—Speech of Mr. Bancroft Made Big Hit.

Exeter, Aug. 25.—(Special to the Journal.)—One of the features of the annual picnic of the M. W. A. held here today was the discussion of the issues of the day by Congressman Henry T. Rainey of Carrollton and Hon. H. H. Bancroft of Jacksonville.

The speakers each talked an hour and then each took five minutes in summing up their argument. It was the consensus of opinion that Mr. Bancroft easily bested Mr. Rainey in the debate. Many said his address was the best that had been heard in Exeter in years.

The crowd was one of the largest that ever attended the picnic and the speakers were given close attention throughout and their points were readily grasped and heartily applauded.

Five hundred gallons of soup were disposed of as well as large quantities of ice cream and other good things to eat. Music was furnished throughout the day by the Winchester high school band. In the evening dancing was enjoyed, music being furnished by an orchestra from Winchester.

JOINT DEBATE WAS HEARD AT EXETER

H. H. Bancroft and Congressman Rainey Discuss Leading Issues of Day—Speech of Mr. Bancroft Made Big Hit.

Exeter, Aug. 25.—(Special to the Journal.)—One of the features of the annual picnic of the M. W. A. held here today was the discussion of the issues of the day by Congressman Henry T. Rainey of Carrollton and Hon. H. H. Bancroft of Jacksonville.

The speakers each talked an hour and then each took five minutes in summing up their argument. It was the consensus of opinion that Mr. Rainey in the debate. Many said his address was the best that had been heard in Exeter in years.

The crowd was one of the largest that ever attended the picnic and the speakers were given close attention throughout and their points were readily grasped and heartily applauded.

Five hundred gallons of soup were disposed of as well as large quantities of ice cream and other good things to eat. Music was furnished throughout the day by the Winchester high school band. In the evening dancing was enjoyed, music being furnished by an orchestra from Winchester.

Birthday Dinner for Earl Bridgman.

Sunday will long be remembered with pleasure by a number of persons who were fortunate enough to be present at a birthday dinner given at the home of Mr. and Mrs. Earl Bridgman. The affair was in honor of Mr. Bridgman and also Mrs. Bridgman's brother Paul.

At the noon hour a dinner was served which left nothing to be desired and afterward several hours were spent with music and conversation. Before the guests departed a group picture was taken.

At the Rowe Home

Representatives of the Cloverleaf Insurance Co., were guests at a garden party given Tuesday night at the home of F. H. Rowe, president of the company. The hours from 6 to 9 o'clock were spent in a very happy way on the beautiful lawn of the Rowe home. Mass singing and other musical features had a part in the program, which followed the serving of supper.

Family Gathering At Nichols Park.

A very pleasant family gathering was that at Nichols park Sunday, when a large number of Morgan county residents and their guests from a distance gathered at the park for an all day picnic. There were well filled baskets and at the noon hour a most bountiful repast was served. Afterward there came a general good time for all, and the day as a whole will long be remembered with especial pleasure.

Those present from a distance were Mrs. Lizzie Turley and daughter Lee of Washington, D. C.; S. J. Hamilton, wife, son Archie and daughter Arline, Republican City, Neb.; Dr. C. A. White, St. Louis; Mrs. B. F. Henderson, Peoria; C. W. OGLESBY COMING THIS MORNING

Lieut. Gov. John G. Oglesby, who is candidate for the Republican nomination for governor, is coming to Jacksonville this morning. He will be at the Dunlap hotel from 10 to 11 o'clock and Morgan county people are cordially invited to call at the hotel and meet him informally. The candidate has the support of the state administration and a great deal of interest has been shown in his candidacy in the many counties of the state thru which his itinerary has carried him.

Lieut. Gov. Oglesby and his associates are traveling by automobile and eight or ten cities are being made each day. The campaign is short and it will therefore be impossible to visit every county in the state.

Mrs. John R. Davis has returned from Estes Park, Colorado, where she and her daughter, Miss Lillian Davis, have been for a vacation visit.

HAD AUTO TRIP IN NORTHERN STATES

Felix Farrell, Jr., and William Dodsforth Return From Long Road Journey.

Felix E. Farrell, Jr., and William Dodsforth have returned from an automobile trip to Michigan and Wisconsin. Several weeks ago they drove to Omena, where they were guests of Mr. and Mrs. E. E. Crabtree. On the return trip they drove still further north, going as far as Mackinac. They stopped at Fish Lake, Wis., where Miss Dorothy Farrell has spent a number of weeks in a girls' summer camp. Later they were at Waupaca, where a number of Jacksonville people generally spend the summer months, and still later stopped at Rockford to spend a few hours with James Barnes.

In Michigan they found the roads in most instances, while sandy, in good passable condition. All thru the lumber district of Wisconsin there are great forces of men now at work. Mr. Farrell was thru the same district several years ago and couldn't fail to note the difference. On the earlier trip only mules were used for the heavy hauling work and now one sees nothing but giant trucks for this work. The roads are correspondingly in a much better condition.

One of the most interesting experiences the Jacksonville young men had was in visiting a silver fox farm. The proprietor is one of the few men in this country engaged in the business and owns a large number of the farms located in different parts of the country. The skins are very valuable and most of them marketed abroad. To establish this business in even a small way requires a large amount of capital, and there are of course many hazards.

Messrs. Farrell and Dodsforth found both Michigan and Wisconsin the best police of any of the states thru which they have driven. There the members of the state constabulary co-operate with local police thruout the country districts. They treat travelers with courtesy and are of service in finding routes and locations. Their presence, however, results in much better observance of the traffic laws. The trip of more than 3,000 miles was made in Mr. Farrell's Buick roadster.

Goodyear Mileage = and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30 x 3-3, 30 x 3 1/2- and 31 x 4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.

Service Satisfaction Success

Your success on the farm is due mainly to two things; the raising of your crops at a minimum expense and the disposal of your crops at a profit. Both of these are controlled by your proper choice of the tools which to work your land.

We desire to call your attention to the amount of work that one man can do with ease, in fact, what he can accomplish at what is a pleasure if he has a Toro machine, in from eight to ten hours per day.

The TORO Way
of Motorizing the Farm

Plowing 7 acres
Disc 20 acres
Rolling 40 acres
Drilling 20 acres

TO-RO Cultivator

The above figures are taken from actual field work done this year. You can be the happy owner of one of these most satisfactory, 100 per cent motor tools for the farm if you will figure with us. The question is, are you looking for greater success? We believe you are. If a tenant you desire to raise more at a less expense so you may in the future be a land owner; if the owner of the farm, you desire to improve your working condition and make more money so you can obtain more land.

The Killing Air of the Desert

Across the hot sands blow the parched dry winds—sucking every drop of moisture from plant and animal. It fans the man's face and body—drying up his skin, his lips—his very life.

Compare the Air in Your Home

The average home has less than one degree of humidity—while the Sahara Desert averages six degrees

Your stove burns up the moisture and the oxygen in the air. This dry air in turn sucks the moisture from the bodies of you and your family—reducing your vitality—impairing your health—even endangering your lives.

Moisten the Air as You Warm It

Banish your unhealthy, dirt-producing stoves. Install, instead, the one heater that, in addition to warming every nook and corner of your home, fills the air with life-giving moisture (humidity). These

PIPELESS HERO FURNACES

in the basement—out of the way—with but one register, heat every room in the house—whether there be two or twelve—to a temperature of 70 degrees in even the coldest weather. One fire does this—where three or four stoves fail.

Thus the dirt, dust, lint, fibers, odors and gases are washed out and the proper amount of moisture is added to the clean pure air.

No Deadly Air in a Hero Heated Home

Those who have Hero—moistened Heat know from experience that they save fuel—for a temperature of 65 degrees with the proper moisture is more comfortable than 72 degrees when the air is dry.

Let us demonstrate to you the other advantages of the Hero Pipeless Furnace.

The Hero Pipeless Furnace excels all others in this one big vital feature; for these vapor pans cover the entire bottom of the air chamber and all air must pass over them.

Mr. and Mrs. W. H. Berry spent last Thursday with John Votsmier and family.

Miss Barbara Hart is camping at the chautauqua grounds with her brother, Harry Hart and family.

At the Sunday morning services at the M. E. church there were 17 girls and boys baptized. There were three boys immersed at the Burlington lake in the afternoon. They were all new converts of the recent tent meetings.

The baptismal services were conducted by the pastor, Rev. J. Long, and were very impressive. Charles Olinger returned Sunday night from Texas.

RELATIVE DIES
Mrs. Charles Patton left yesterday for Centralia, Ill., called there by the death of her sister-in-law, Mrs. Henry Guyman.

ASBURY
Mrs. Carl Hembrough left Thursday to camp with her sisters at the chautauqua.

Mr. and Mrs. Charles Hembrough of Lancaster, Kansas, are visiting relatives here.

Mr. and Mrs. E. J. Reynolds and children, Lynford, Raymond, Mildred and Virginia attended the Meredosia Home-Coming last Thursday.

T. S. Hembrough left Monday to attend the funeral of his father-in-law, W. T. Hamilton in Clayton.

Mr. and Mrs. C. H. Hembrough and Delos Craig attended the auto races at the state fair Saturday.

DURBIN
E. D. Scott has returned from a business trip to Kansas. Mrs. Scott accompanied him as far as Kansas City and stayed there for a visit with her parents.

Mr. and Mrs. J. H. Rawlings and son Wayne spent Sunday night at the home of their son Bert and left Monday for their new home in Boulder, Colo. They are making the trip by auto and will stop over in Wichita, Kans., to visit their daughter, Mrs. Ray Stimpson.

Mr. and Mrs. Ralph Cowgur of Jacksonville were visiting relatives here the past week.

Mrs. Samuel Darley will entertain the Homemakers Circle on Tuesday afternoon.

Mrs. Milford Rees and baby visited in Decatur last week.

Service Satisfaction Success

Your success on the farm is due mainly to two things; the raising of your crops at a minimum expense and the disposal of your crops at a profit. Both of these are controlled by your proper choice of the tools which to work your land.

We desire to call your attention to the amount of work that one man can do with ease, in fact, what he can accomplish at what is a pleasure if he has a Toro machine, in from eight to ten hours per day.

Plowing 7 acres
Disc 20 acres
Rolling 40 acres
Drilling 20 acres

Cultivating 25 acres
Grain Harvest 25 acres
Plant 20 acres
Corn Binder 10 acres

The above figures are taken from actual field work done this year. You can be the happy owner of one of these most satisfactory, 100 per cent motor tools for the farm if you will figure with us. The question is, are you looking for greater success? We believe you are. If a tenant you desire to raise more at a less expense so you may in the future be a land owner; if the owner of the farm, you desire to improve your working condition and make more money so you can obtain more land.

The Killing Air of the Desert

Across the hot sands blow the parched dry winds—sucking every drop of moisture from plant and animal. It fans the man's face and body—drying up his skin, his lips—his very life.

Compare the Air in Your Home

The average home has less than one degree of humidity, while the Sahara Desert averages six degrees

Your stove burns up the moisture and the oxygen in the air. This dry air in turn sucks the moisture from the bodies of you and your family—reducing your vitality—impairing your health—even endangering your lives.

Moisten the Air as You Warm It

Banish your unhealthy, dirt-producing stoves. Install, instead, the one heater that, in addition to warming every nook and corner of your home, fills the air with life-giving moisture (humidity). These

PIPELESS HERO FURNACES

in the basement—out of the way—with but one register, heat every room in the house—whether there be two or twelve—to a temperature of 70 degrees in even the coldest weather. One fire does this—where three or four stoves fail.

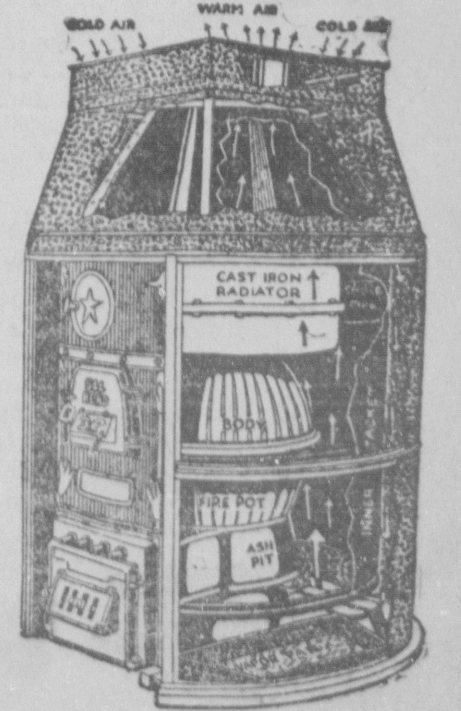

But in addition, the Air Washer-Humidifier System washes and moistens the air as it is warmed.

The Hero Pipeless Furnace excels all others in this one big vital feature; for these vapor pans cover the entire bottom of the air chamber and all air must pass over them.

Thus the dirt, dust, lint, fibers, odors and gases are washed out and the proper amount of moisture is added to the clean pure air.

No Deadly Air in a Hero Heated Home

Those who have Hero—moistened Heat know from experience that they save fuel—for a temperature of 65 degrees with the proper moisture is more comfortable than 72 degrees when the air is dry. Let us demonstrate to you the other advantages of the Hero Pipeless Furnace.

Electric Outlets

"Every little Outlet has a meaning all its own"

In the cellar on the roof, in the closets or on the porch—every electrical outlet has a purpose. Each one will serve to make life easier.

Baseboard outlets in each room will enable you to take advantage of the many time and labor-saving electrical devices that belong in the modern home.

Washing, ironing, cleaning, cooking, are done electrically these days, because it is the efficient way. You should have baseboard outlets in each room to care for this work.

Gasoline Prices Follow Crude

"What," asked a customer recently, "has caused
the sharp advance in the price of gasoline?" And
our answer was substantially as follows:

The advances in the selling price of gasoline which
have occurred since January 1st, were due primarily
to the increased cost of crude oil. The market on
all grades of crude took an upward trend during
the latter part of 1919, and has been climbing
steadily since that time.

During 1919 gasoline prices remained stationary,
the refiners absorbing the increased cost of crude
as long as it was possible to do so. In January,
1920, gasoline prices generally were advanced to
meet the increasing cost of raw material.

Another factor was the practical exhaustion of
gasoline reserves brought about by the unprece-
dented demands for this fuel. During the first
months of this year the consumption of gasoline
greatly exceeded production.

But the primary reason was the constantly in-
creasing price of crude oil.

Still other reasons for the mounting prices are the
greatly increased cost of labor, of steel, and of other
items used in manufacture; also the constantly
advancing cost of marketing and distribution.
Everything that goes into the refining of petroleum
is very expensive today.

But the primary and controlling reason is found in
the increasing cost of crude.

In keeping with its well-known policy, the Standard
Oil Company (Indiana) has been able to maintain
low prices for gasoline in the face of advancing
prices for crude oil because of its large scale op-
eration in refining, and its complete and economical
system of distribution. And, also, because of its
advanced facilities for obtaining a maximum quan-
tity of gasoline from a given quantity of crude.

The Middle West depends largely upon gasoline
power for producing food stuffs.

The Standard Oil Company (Indiana) is straining
every fibre of its highly specialized organization to
meet this demand.

NEW YORK AMERICANS WILL BUILD PARK

PHILADELPHIA, Aug. 24.—
The New York National League
club having refused to extend the
lease of the Polo Grounds to the
Yankees, the American League in
a special meeting today decided
that the New York Americans
shall have their own grounds
under the lease the Yankees will
play on their own field in
1922. Colonel Jacob Ruppert, of
the New York club said three
sites are under consideration for
the new ground. The meeting
coming so closely after the death
of Ray Chapman, Cleveland
shortstop, killed by a ball pitched
by Carl Mays, of New York, it
was expected some action would
be taken, but the only announce-
ment made was that resolutions
of sympathy would be sent to his
widow. There was only informal
discussion of the circumstances
surrounding Chapman's death it
was announced.

2:08 class pace. Billy Sunday
took the other event, the 2:15
pace.

DEMPESEY EXPECTS TO WEIGH 187 POUNDS

BENTON HARBOR, Michigan,
Aug. 24.—Jack Dempsey, world's
heavyweight champion who meets
Billy Miske of St. Paul here Labor
Day expects to go into the ring
187 pounds, his weight when he
won the title from Jess Willard,
he said after his workout today.
Fourteen months out of the
ring apparently have done Dem-
psey little harm, for his work to-
day gave the impression that he
is boxing with his same speed and
endurance.

Dempsey boxed six rounds with
Bill Tate, a giant negro and
"Panama Joe" Gans. When he
started training a week ago he
weighed nearly 200 pounds, but
tonight he barely tipped the beam
at 180 pounds.

Secretly, of sparring mates
caused Miske to slow up on his
training today.

Is Your Blood Starving For Want of Iron?

Without Plenty of Iron in Your Blood
You Don't Get the Strength and
Nourishment Out of the Food You Eat

When over-work, lack of sleep, improper
food and impure air sap the iron from your
blood and make you feel weak, nervous,
irritable and out-of-sorts, it is important
that you should at once put more iron into
your blood. Without iron the blood loses
the power to cleanse the body, to build tissue
and therefore nothing that you eat does you
the proper amount of good because you
don't get the full strength out of it. Your
food merely passes through your system
like corn through a mill with the rollers so
wide apart that the mill can't grind. Be-
cause of this steady starvation of the blood
and nerves people often become weakened,
dreaded, nervous and rundown and fre-
quently develop all sorts of symptoms. But
the moment organic iron—Nuxated Iron—is
supplied a multitude of dangerous symptoms
disappear in most cases, the flesh becomes
firmer, the muscles get back their strength
and the roses of health bloom in cheeks that
were pale and sickly looking.

No matter what other so-called remedies
you may have tried, if you are not strong,
vigorous, hearty and well, you owe it to
yourself to make the following test: See
how long you can work or how far you can
walk without becoming tired. Next, take
two five-grain tablets of ordinary Nuxated
Iron three times per day after meals for
two weeks. Then test your strength again
and see for yourself how much you have
gained. You can obtain Nuxated Iron from
your druggist on the distinct understanding
that if you are not fully satisfied your
money will be refunded.

NEW YORK AMERICANS WILL BUILD PARK

PHILADELPHIA, Aug. 24.—
The New York National League
club having refused to extend the
lease of the Polo Grounds to the
Yankees, the American League in
a special meeting today decided
that the New York Americans
shall have their own grounds.
Under the lease the Yankees will
play on the Polo Grounds next
year but on their own field in
1922. Colonel Jacob Ruppert, of
the New York club said three
sites are under consideration for
the new grounds. The meeting
coming so closely after the death
of Ray Chapman, Cleveland
shortstop, killed by a ball pitched
by Carl Mays, of New York, it
was expected some action would
be taken, but the only announce-
ment made was that resolutions
of sympathy would be sent to his
widow. There was only informal
discussion of the circumstances
surrounding Chapman's death it
was announced.

KING WATTS TAKES THE FEATURE EVENT

Poughkeepsie, N. Y., Aug. 24.
—Close finishes marked the sec-
ond day of Grand Circuit racing
at the Hudson River park. Lon
McDonald with King Watts took
the feature event of the after-
noon and the richest stake of the
meeting when he scored a
straight heat victory in the Pough-
keepsie 2:14 class trot with Na-
tive Chief second and Holyrood
Naomi third. In the first heat
of the 2:03 pace which John R.
Braden won in 2:02 3-4, he stop-
ped the last quarter in 29 1-2
seconds.

Walter Cox, driving for
Thomas W. Murphy, piloted
Wood Patch to victory in the
2:08 class pace. Billy Sunday
took the other event, the 2:15
pace.

DEMPSEY EXPECTS TO WEIGH 187 POUNDS

BENTON HARBOR, Michigan,
Aug. 24.—Jack Dempsey, world's
heavyweight champion who meets
Billy Miske of St. Paul here Labor
day expects to go into the ring
187 pounds, his weight when he
won the title from Jess Willard,
he said after his workout today.
Fourteen months out of the
ring apparently have done Demp-
sey little harm, for his work to-
day gave the impression that he
is boxing with his same speed and
endurance.

Dempsey boxed six rounds with
Bill Tate, a giant negro and
"Panama Joe" Gans. When he
started training a week ago he
weighed nearly 200 pounds, but
tonight he barely tipped the beam
at 180 pounds.

Scarcity of sparring mates
caused Miske to slow up on his
training today.

DEMPSEY MAY MEET GEORGES CARPENTIER

Chicago, Aug. 24.—Jack
Dempsey has made an agreement
with Tex Rickard, who promoted
the Dempsey-Willard fight, to
meet Georges Carpentier, French
champion, it was announced to-
day by Jack Kearns, the cham-
pion's manager.

Kearns refused to divulge the
details. He said it was his un-
derstanding that Rickard had ne-
gotiated with C. B. Cochran,
British promoter, said to have a
similar contract with Carpentier
and that the fight would be held
in New York, sometime this year.

Is Your Blood Starving For Want of Iron?

Without Plenty of Iron In Your Blood
You Don't Get the Strength and
Nourishment Out of the Food You Eat

When over-work, lack of sleep, improper
food and impure air sap the iron from your
blood and make you feel weak, nervous,
irritable and out-of-sorts, it is important
that you should at once put more iron into
your blood. Without iron the blood loses
the power to change food into living tissue
and therefore nothing that you eat does you
the proper amount of good because you
don't get the full strength out of it. Your
food merely passes through your system
like corn through a mill with the rollers so
wide apart that the mill can't grind. Be-
cause of this steady starvation of the blood
and nerves people often become weakened,
fired-out, nervous and rundown and fre-
quently develop all sorts of symptoms. But
the moment organic iron—Gruen's Iron—is
supplied a multitude of dangerous symptoms
disappear in most cases, the flesh becomes
firmer, the muscles get back their strength
and the roses of health bloom in cheeks that
were pale and sickly looking.

No matter what other so-called remedies
you may have tried, if you are not strong,
vigorous, hearty and well, you owe it to
yourself to make the following test: See
how long you can work or how far you can
walk without becoming tired. Next, take
two five-train tablets of ordinary Nutra-
Iron three times per day after meals for
two weeks. Then test your strength again
and see for yourself how much you have
gained. Yet can obtain Nutra-
Iron from your druggist on the distinct understanding
that if it is not fully satisfied your
money will be returned.

Gasoline Prices Follow Crude

"What," asked a customer recently, "has caused
the sharp advance in the price of gasoline?" And
our answer was substantially as follows:

The advances in the selling price of gasoline which
have occurred since January 1st, were due primarily
to the increased cost of crude oil. The market on
all grades of crude took an upward trend during
the latter part of 1919, and has been climbing
steadily since that time.

During 1919 gasoline prices remained stationary,
the refiners absorbing the increased cost of crude
as long as it was possible to do so. In January,
1920, gasoline prices generally were advanced to
meet the increasing cost of raw material.

Another factor was the practical exhaustion of
gasoline reserves brought about by the unprece-
dented demands for this fuel. During the first
months of this year the consumption of gasoline
greatly exceeded production.

But the primary reason was the constantly in-
creasing price of crude oil.

Still other reasons for the mounting prices are the
greatly increased cost of labor, of steel, and of other
items used in manufacture; also the constantly
advancing cost of marketing and distribution.
Everything that goes into the refining of petroleum
is very expensive today.

But the primary and controlling reason is found in
the increasing cost of crude.

In keeping with its well-known policy, the Standard
Oil Company (Indiana) has been able to maintain
low prices for gasoline in the face of advancing
prices for crude oil because of its large scale op-
eration in refining, and its complete and economical
system of distribution. And, also, because of its
advanced facilities for obtaining a maximum quan-
tity of gasoline from a given quantity of crude.

The Middle West depends largely upon gasoline
power for producing food stuffs.

The Standard Oil Company (Indiana) is straining
every fibre of its highly specialized organization to
meet this demand.

"WE NEVER QUIT"

CITY PROPERTY

No matter what you may think, property is getting a little higher right along.

(1) A splendid 8 room house, modern, oak floors, in the Fourth ward, and a complete home, \$6,000.

(2) In the Fourth ward one of the most usable homes—cheery in winter with open fire place, breezy in summer with fine shade and large porch, pleasant when nights are sultry with the finest equipped sleeping porch. Oak floors? Yes, up-stairs and down stairs. Electricity? To be sure, and gas and everything. Oh yes, some nice fruit, garden, chicken house—and double garage. Come and see it. You'll like it. Too cheap, you'll think, but you won't say it. Only \$6,500, but our time is limited.

(3) A ten room house, modern, splendid location in Third ward, popular corner. This is good value, \$5,500.

(4) A duplex house of 5 rooms each, modern, large lot, south front, \$3,000.

FARM PROPERTY

We are selling every farm at a decided advance of last season's price.

(1) A splendid 160 acres generally level, mostly black land well located and with full set of improvements. \$250 and oaks like more money.

(2) 300 acres one mile from good town with fine grain fields and good blue grass grazing land. Fine combination—Price \$150.

(3) An excellent farm home, about 10 acres rolling, balance running to fine black prairie and well tiled. Fine 8 room house, big new barn and other needed buildings. See this at \$280. It's good.

(4) THE BEST EVER—120 acres, every foot deep rich black soil—new house, new barn, new fences, etc. \$400 per acre and \$10,000 cash is all it takes. Now come.

MONEY

It is no too soon to arrange for your farm loans—you remember the rush last spring.

the Victrola. The refreshments consisted of fruit salad, lemonade and cake and were of a very appetizing character. Those present were: A. G. Brockhouse and family, Sam Brockhouse and family, Mr. and Mrs. Welch and daughter, Ida May, Miss Verna Morris of Arenzville, Mrs. Ethelyn Plank and daughter Edna. The young man received some presents of a useful kind which were highly appreciated.

P. R. Leonard has carried the mail for a number of years on rural route No. 1, out of here. About a year ago he was transferred to route 2, out of Chapin, which now includes the former Concord route. Recently Mr. Leonard was placed on the retired list, and C. O. Payless has been appointed his successor.

Miss Grace McHorter, R. N. of Woodson, is visiting Mrs. Ethelyn Plank and other friends near here.

Miss Elva Wheeler is visiting friends at her old home in Brown county.

Mr. and Mrs. Harvey Wells, of Virden, are visiting at the home of A. J. Wheeler.

Miss Vryl Plank visited from Monday to Thursday with R. L. Ham and family at Arenzville, and attended the chautauqua.

Among those who went to the fish fry at Beardstown on Friday were J. E. Whorton Mr. and Paul Brockhouse and Miss Mary Brockhouse.

Several showers fell on Friday, the last one being a real rain which will make all the stable ground wet enough to plow. Late corn will be benefited unless we have early frosts.

The excavating for the new bank building will soon be completed. It will be located on the corner of Main and State streets and will add much to the hitherto vacant corner.

Mrs. Leslie M. Dunavan and daughter, Irene, of Enid, Okla., have been visiting friends and relatives in the county for some time. Mrs. Dunavan came from Glenville, Minn., to Morgan county in October, 1890, and made her home with S. M. Henderson and wife for awhile, winning many friends during her residence here. The writer had the pleasure of calling on her and her accomplished daughter one afternoon recently at 460 South East street, and talked over old times. Mr. Dunavan is a salesman for a wholesale grocery house. Miss Irene has a lucrative position with a firm in Enid, and is now on her vacation.

Ralph, her brother, has a position in the postoffice during the summer but will have two or more years in the college there.

The Concord chautauqua will begin a five day course Sept. 1.

OBITUARY

Joseph A. son of Allen and Keziah Workman Stockton, was born June 3rd, 1850, on the old Stockton homestead near Oak Ridge church, and passed away at his home in Virginia, at 8:30 o'clock Thursday evening, August 19, 1920, being at the time of his death 70 years, 2 months and 16 days of age.

He grew to young manhood among the love and friendship of his community. His excellent education was obtained at the Jordanville school and by securing and studying the best literature. At the age of 19 years he, under the pastorage of Rev. Good at Literberry, made the good confession and accepted his Master, whom he has ever served in faithfulness.

On December 25, 1876 he was united in marriage to Miss Elizabeth Elgin. To them was born one daughter, Mabel, wife of Elmer A. Trussell of Benedict, Nebr. In the year '78 he with his wife's family moved to Charleston, Nebr. Mrs. Stockton passed away November 20, 1879.

On Oct. 4, 1885 he was united in marriage to Miss Eliza Elgin. To them was born one daughter, Clair, wife of John S. Baker of Yatesville. The second Mrs. Stockton passed away Nov. 6, 1887. In the year of 1889 he, with his little daughters, came to Illinois, returning to Nebraska the next year, where he resided with his sister for 14 years. On Oct. 2nd, 1904 he was united in marriage to Mrs. Alice Myers of Virginia who survives him. Shortly after their marriage they came to Virginia where they have since resided.

Besides his widow and two daughters he leaves three grandchildren: Velma and Beulah Trussell of Benedict, Nebr., and Russell Baker of Yatesville, Ill. Two sisters Mrs. Sarah Marica and Mrs. Eliza Harris of Benedict, Nebr.; also the following half brothers and sisters: Morgan of New Berlin, Douglas of Sinclair, Mrs. Kate Holmes of Kirkville, Mo.; Mrs. Ella Smith, McLennanboro; Samuel and Mrs. Frances Miller of Chicago. Four brothers, John, Michael, Thomas and James, two sisters, Sinah and Malinda and a half-sister, Nancy, preceded him in death.

Besides those mentioned he leaves many other near relatives and a host of friends who will ever hold his memory in the highest esteem. Owing to his quiet and pleasant nature Mr. Stockton won and retained the friendship of all with whom he came in contact.

Especially was he faithful in his church work, all thru life as long as he was able taking an active part in the cause of his Master. Few enjoyed reading or were better versed in the Bible than he. His home life was most beautiful and happy in the sweet companionship of his aged companion of whom it can be said, "She was faithful unto death." On July 4th, 1920 he suffered a paralytic stroke.

Necessary medical attention was given, and he was for a short time placed in Passavant hospital at Jacksonville. He returned home accompanied by a competent nurse. Everything which skill and loving care could do was done for him but to no avail and he gradually grew weaker until the end peacefully came at time above mentioned. The widow has lost a pleasant and devoted companion, the daughters a loving father, the community a good and useful man, but the loss of all is his eternal gain.

Funeral services were held for Joseph A. Stockton Sunday afternoon, August 22, 1920 at 3:30 o'clock in Virginia, conducted by Rev. C. E. French. Owing to the fact that Mrs. Stockton was unable to leave the house, a chapter was read and a consoling prayer was offered in her presence. The remains were then taken to the Christian church where more extensive services were held. The minister spoke of the beautiful Christian life of the deceased in a way which conveyed much consolation to the bereaved. Appropriate music was furnished by the church choir. The flowers were many and most beautiful tokens of the esteem in which the deceased was held. They were tenderly cared for by Mrs. Lancaster, Goldie Decker and Christine Sligh. After the services the remains were taken to the Virginia cemetery and tenderly laid to rest, the pall bearers being D. D. Wilson, Frank Redding, Henry Monroe, L. L. Fox, W. C. McNeely and Thomas Tremble.

CITY PROPERTY

No matter what you may think, property is getting a little higher right along.

(1) A splendid 8 room house, modern, oak floors, in the Fourth ward, and a complete home, \$6,000.

(2) In the Fourth ward one of the most usable homes—cheery in winter with open fire place, breezy in summer with fine shade and large porch, pleasant when nights are sultry with the finest equipped sleeping porch. Oak floors? Yes, upstairs and down stairs. Electricity? To be sure, and gas and everything. Oh yes, some nice fruit, garden, chicken house—and double garage. Come and see it. You'll like it. Too cheap, you'll think, but you won't say it. Only \$6,500, but our time is limited.

(3) A ten room house, modern, splendid location in Third ward, popular corner. This is good value, \$5,500.

(4) A duplex house of 5 rooms each, modern, large lot, south front, \$3,000.

FARM PROPERTY

We are selling every farm at a decided advance of last season's price.

(1) A splendid 160 acres generally level, mostly black land well located and with full set of improvements. \$250 and looks like more money.

(2) 300 acres one mile from good town with fine grain fields and good blue grass grazing land. Fine combination—Price \$150.

(3) An excellent farm home, about 10 acres rolling, balance running to fine black prairie and well tiled. Fine 3 room house, big new barn and other needed buildings. See this at \$280. It's good.

(4) THE BEST EVER—120 acres, every foot deep rich black soil—new house, new barn, new fences, etc. \$400 per acre and \$10,000 cash is all it takes. Now come.

MONEY

It is no too soon to arrange for your farm loans—you remember the rush last spring.

the Victrola. The refreshments consisted of fruit salad, lemonade and cake and were of a very appealing character. Those present were: A. G. Brockhouse and family, Sam Brockhouse and family, Mr. and Mrs. Welch and daughter, Ida May, Miss Verna Morris of Arenzville, Mrs. Ethelyn Plank and daughter Edna. The young man received some presents of a useful kind which were highly appreciated.

P. R. Leonard carried the mail for a number of years on rural route No. 1, out of here. About a year ago he was transferred to Route 2, out of Chapin, which now includes the former Concord route. Recently Mr. Leonard was placed on the retired list, and C. O. Payless has been appointed his successor.

Miss Grace McIlhenny, R. N. of Woodson, is visiting Mrs. Ethelyn Plank and other friends near here.

Miss Elva Wheeler is visiting friends at her old home in Brown county.

Mr. and Mrs. Harvey Wells, of Virden, are visiting at the home of A. J. Wheeler.

Miss Vry Plank visited from Monday through Thursday with R. L. Ham and family at Arenzville, and attended the chautauqua.

Among those who went to the fish fry at Beardstown on Friday were J. E. Whorton Mr. and Paul Brockhouse and Miss Mary Brockhouse.

Several showers fell on Friday, the last one being a real rain which made all the stubble ground wet enough to plow. Late corn will be benefited unless we have early frosts.

The excavating for the new bank building will soon be completed. It will be located on the corner of Main and State streets and will add much to the hitherto vacant corner.

Mrs. Leslie M. Dunavan and daughter, Irene, of Enid, Okla. have been visiting friends and relatives in the county for some time. Mrs. Dunavan came from Glenville, Minn., to Morgan county in October, 1890, and made her home with S. M. Henderson and wife for awhile, winning many friends during her residence here. The writer had the pleasure of calling on her and her accomplished daughter one afternoon recently at 160 South East street, and talked over old times. Mr. Dunavan is a salesman for a wholesale grocery house. Miss Irene has a lucrative position with a firm in Enid and is now on her vacation. Ralph, her brother, has a position in the postoffice during the summer but will have two or more years in the college there.

The Concord chautauqua will begin a five day course Sept. 1.

OBITUARY

Joseph A. son of Allen and Keziah Workman Stockton, was born June 3rd, 1850, on the old Stockton homestead near Oak Ridge church, and passed away at his home in Virginia, at 8:30 o'clock Thursday evening, August 19, 1920, being at the time of his death 70 years, 2 months and 16 days of age.

He grew to young manhood among the love and friendship of his community. His excellent education was obtained at the Jordanville school and by securing and studying the best literature. At the age of 19 years he, under the pastorage of Rev. Good at Litterberry, made the good confession and accepted his Master, whom he has ever served in faithfulness.

On December 25, 1876 he was united in marriage to Miss Elizabeth Elgin. To them was born one daughter, Mabel, wife of Elmer A. Trussell of Benedict, Neb. In the year '78 he with his wife's family moved to Charleston, Neb. Mrs. Stockton passed away November 20, 1879.

On Oct. 4, 1885 he was united in marriage to Miss Eliza Elgin. To them was born one daughter, Clara, wife of John S. Baker of Yatesville. The second Mrs. Stockton passed away Nov. 6, 1887. In the year of 1889 he, with his little daughters, came to Illinois, returning to Nebraska the next year, where he resided with his sister for 14 years. On Oct. 2nd, 1904 he was united in marriage to Mrs. Alice Myers of Virginia who survives him. Shortly after their marriage they came to Virginia where they have since resided.

Besides his widow and two daughters he leaves three grandchildren: Velma and Beulah Trussell of Benedict, Neb., and Russell Baker of Yatesville, Ill. Two sisters Mrs. Sarah Marica and Mrs. Eliza Harris of Benedict, Neb.; also the following half brothers and sisters: Morgan of New Berlin, Douglas of Sinclair, Mrs. Kate Holmes of Kirksville, Mo.; Mrs. Ella Smith, McLeansboro; Samuel and Mrs. Frances Miller of Chicago. Four brothers, John, Michael, Thomas and James, two sisters, Sinah and Malinda and a half sister, Nancy, preceded him in death.

Besides those mentioned he leaves many other near relatives and a host of friends who will ever hold his memory in the highest esteem. Owing to his quiet and pleasant nature Mr. Stockton won and retained the friendship of all with whom he came in contact. Especially was he faithful in his church work, all thru life as long as he was able taking an active part in the cause of his Master. Few enjoy reading more than he. His home life was most beautiful happy in the sweet companionship of his aged companion of whom it can be said, "She was faithful unto death." On July 4th, 1920 he suffered a paralytic stroke,

Necessary medical attention was given, and he was for a short time placed in Passavant hospital at Jacksonville. He returned home accompanied by a competent nurse. Everything which skill and loving care could do was done for him but to no avail and he gradually grew weaker until the end peacefully came at time above mentioned. The widow has lost a pleasant and devoted companion, the daughters a loving father, the community a good and useful man, but the loss of all is his eternal gain.

Funeral services were held for Joseph A. Stockton Sunday afternoon, August 22, 1920 at 3:20 o'clock in Virginia, conducted by Rev. C. E. French. Owing to the fact that Mrs. Stockton was unable to leave the house, a chapter was read and a consoling prayer was offered in her presence. The remains were then taken to the Christian church where more extensive services were held. The minister spoke of the beautiful Christian life of the deceased in a way which conveyed much consolation to the bereaved. Appropriate music was furnished by the church choir. The flowers were many and most beautiful tokens of the esteem in which the deceased was held. They were tenderly cared for by Mrs. Lancaster, Goldie Decker and Christine Sligh. After the services the remains were taken to the Virginia cemetery and tenderly laid to rest, the pall bearers being D. D. Wilson, Frank Redding, Henry Monroe, L. L. Fox, W. C. McNeeley and Thomas Tremble.
